A man with a lot of baggage stood cussing on the Albuquerque platform. "Smatter!" asked the station agent.
"I had to get the Super Chief," was the explanation. "Drove 70 miles an hour for 90 miles, butted two springs, and then missed it by a single minute."
"My goodness," exclaimed the agent. "Anybody seeing the way you're carrying on would think you'd missed it by an hour!"

Other limitations of the present site include crowded conditions in shop, art and game rooms, as well as in our boxing room; lack of teen age quarters and canteen, lack of parking space for patrons, parking time limits during the day-time, and traffic hazards to children at Central avenue and Green Bay road's busy intersection. The center is now located on valuable business property and could be sold to advantage; the proceeds from which would be used to help build the new recreational building.

District 108—

thus hold good teachers for the district, the board is holding a referendum which will give it the \$1.12 1/2 against the full fair cash value of property in the district. This will make it possible for the board of education of district 108 to increase its levy within limitations to the amount necessary to meet the national upward trend in teachers' salaries. Without this referendum the board could not meet these rising costs.
It is not the intention of the board of education to utilize the full tax rate that would become available under the referendum, rather to use only that part which might be necessary as the national teacher-salary situation changes.

A series of public meetings has been planned throughout the district to explain this referendum to the voters. The first will be held Monday, Feb. 10, at 8 p.m., at the regular Braeside PTA meeting. The second of the public meetings will be held at the West Ridge school on Tuesday, Feb. 11, 8 p.m. at its regular PTA meeting. Meetings will also be held at the Ravinia school Tuesday, Feb. 25, at 8 p.m. and at the Lincoln school on Wednesday, Feb. 26, at 8 p.m. These meetings will afford an opportunity to hear a complete discussion of the proposed referendum and will allow time for questions. The meetings are open to the public.

Chicago School Head Will Speak at United Evangelical Church

Dr. H. E. Jepson, president of the Chicago Evangelistic institute, is to be the speaker at the Sunday evening service on Feb. 9, in the United Evangelical church on S. Green Bay at Laurel. This is the second in a series of special speakers presented by the church at the Sunday evening services during February.

Dr. Jepson is well known as a preacher and has been connected with the Chicago Evangelistic institute for several years. He is an ordained minister of the Church of the Nazarene. The quarter page advertisement providing a Christian message to the readers of the Chicago Daily News last Saturday evening was written by Dr. Jepson for the Christian Businessmen's committee of Chicago. The service begins at 7:45 p.m.

and is open to the general public. Two more special services are scheduled with Al J. Conn as the speaker Feb. 16. Mr. Conn conducts a radio broadcast from Chicago each Sunday morning known as the "Old Fashioned Sunday School Program." On Feb. 23, Rev. Paul Yphantis will be the speaker.

A hillbilly from the mountains came into the city. He wanted to see a "movie pitcher" so he bought a ticket and went in, turned around, came out and bought another ticket.

He did this several times, until the ticket seller asked: "Why are you buying all of these tickets?"

"Well," he replied, "that man inside the door takes my ticket and tears it up every time I go in!" —Dorothy McNary, Peru, Ind.

FRIDAY IS DATE NIGHT—FEB. 14

(Photo by Fern Byrne)
Gloria Van, latest addition to the talent staff of WBBM, posed in a gorgeous array of valentine flowers between shows of "Across the Board," 5 to 5:15 P.M., and "Cinderella and Her Fellas," 10:15 to 10:30 P.M.

NO ONE needs to remind our ex-servicemen that Valentine's day falls on Friday this year. They will never forget this traditionally sentimental day, because a couple of years ago they were sending their floral valentines by cable from the foxholes of France and Germany, ships at sea or the far reaches of the Pacific.
For the rest of us, there is the reminder to remember wives, mothers and sweethearts with flowers on FRIDAY, Feb. 14.
The florists tell us there are many more flowers this year for valentines. The Chicago growers now have the help of sons and employees who were in service last year, and they promise us plentiful supplies of colorful roses and fragrant carnations. A couple of orchids, gardenias or camellias perched in the hair is a popular valentine mode. Too, the flowers of Spring are already seen in the flower shops. Spring tulips, daffodils and irises were grown early for us in the warm greenhouses.
There's a flower show coming to Chicago in March. Our readers can get advance sale tickets now at a saving in price. When you stop or call at your florist for your valentine, inquire about the flower show.
And here's a tip: The new shades of light-pink carnations are perfect for valentines.
