Greek Relief

(Continued from page 1) lion population 23,700 were killed in action, 391,600 starved or executed, 210,000 deported, and 50,000 became disabled veterans. Ninety per cent of the railroad stock was demolished; of live stock, 4,000,000 were killed or stolen; war and axis reprisal raids destroyed 1,440 Greek towns and villages, 870 of these beyond re-

pair. One million men, women and children lost homes and possessions in the flames of their burned villages, and today live like animals in caves and lean-tos. These courageous people, their starving, undernourished children, their 375,000 orphans, their two millions suffering from chronic malaria, their 550,000 ill with tuberculosis — they need help in the form of food and clothing desperately. To feed the starving, house the homeless, heal the sick, the Greek War Relief association is seeking to raise \$12,000,000 by means of contributions, and the Chicago Citizens committee is doing its utmost to aid in raising its quota of this sum.

UNRRA aid in Greece ended on Dec. 31, 1946. She now appeals for more aid from America, and the Greek War Relief association has answered the call. Chicago's quota is \$1,200,000, a third of which is to come from the Greek Americans.

The association, of which Herbert Hoover is national chairman, and Lester Armour, Chicago chairman, appeals to every one to give to this worthy cause. It matters not how much — one dollar is as welcome as one hundred or a thousand. But give it now.

Headquarters are at 58 E. Washington, St., Chicago, and all contributions should be sent to the Greek War Relief association at this address. The funds will go only to Greek people.

Included in the long list of patrons headed by such notables as Herbert Hoover, Mrs. Calvin Coolidge, Mrs. Franklin Roosevelt, Gov. Dwight Green and many others, are several local names such as Howell W. Murray, Francis M. Knight and Donald S. Boynton.
