Recipe for a happy family...

1. TURN IN old, burned-out and wrong-sized light bulbs.
2. TAKE a heaping portion of bright new light bulbs in exchange.
3. MIX WELL into every room where your family reads, works, eats or plays.
4. ALLOW TIME for normal activities about the house after the family comes home tired that evening.
5. ENJOY their fresh zest for living with a brighter, cheerier home!

CHECK the lighting in your home today! You'll find many little unthought-of reasons for dad's tired eyes... junior's distaste for homework... and sister's reluctance to sew on that new dress she's making. Empty sockets, wrong-sized and burned-out bulbs play no favorites—they rob every mem-

ber of the family of adequate light. Make sure today that every socket in your home is filled with the proper-sized bulb. A home filled with warm, cheerful light makes the evening hours—when the family is free to relax and enjoy leisure hours together—the most pleasant part of the day.

* TAKE ADVANTAGE OF OUR LIBERAL RENEWAL POLICY

To all customers on light bulb exchange service there is no charge for replacing most sizes of standard, burned-out bulbs marked "PS or NI" or "Renewal Service."
