Rabbi Hertz to Discuss "The Supreme Court Turns Back the Clock"

This Friday evening at the No. Shore Congregation Israel, Rabbi Richard C. Hertz will discuss from the pulpit, "The Supreme Court Turns Back the Clock."

The United States Supreme Court recently handed down a 5-4 decision in the now famous New Jersey school bus case. The case involves a challenge to the most precious liberty Americans have — their religious liberty. Every American, regardless of his faith, every minority, regardless of its numbers, has a stake in this case. Rabbi Hertz's lecture will trace the development of our Republic's tradition of strict separation of church and state. He will analyze the forces now gathering momentum to imperil this tradition, including the later challenge from the United States Supreme Court.

Regular services at the temple every Friday at 8:15 pm. All visitors are cordially invited to attend.

Ft. Sheridan Launches Scrap Metal Drive

An intensive drive for the collection of scrap iron and steel has been instituted at Fort Sheridan, according to Col. Newton G. Bush, commanding officer. Scrap which is collected at Fort Sheridan is sold to civilian concerns in an effort to alleviate the present critical shortage of ferrous scrap that exists in the commercial field. The drive here at Fort Sheridan is a part of the nation-wide campaign instituted by the war department at all military installations throughout the country.

The Board of Park Commissioners shall, within seven days of the said date, announce its action on said bids.
