(Continued from page 4)  
arrived at the Highland Park hospital on June 6 for Mr. and Mrs. Howard Lonngren of Palmer avenue, Highwood. Mrs. Lonngren is the former Zola Dickinson, daughter of George Dickinson of Jacksonville, Ill. Mrs. Mabel Lonngren of the same address is the paternal grandmother. Dolores' sisters are Marjorie, 3, and Carol, 1.

A son was born at the Highland Park hospital on June 6 to Mr. and Mrs. Peter Nicolazzi of Northbrook.

Three Deerfield babies arrived at the Highland Park hospital this past week. On June 6, Mr. and Mrs. Laurence Reardon of Fair Oaks avenue became the parents of a son. A daughter was born on June 7 to Mr. and Mrs. Bjaren Stole of Central avenue, and Mr. and Mrs. Louis Ortiz of Half Day road became the parents of a son on June 8.

**"Dad" Singer Attends Wedding of Grandson**

Mr. S. A. (Dad) Singer, 143 S. Second street, returned this week from New York where he attended the wedding of his grandson, Arthur, former air force lieutenant, last stationed at Okinawa.

While in New York, Mr. Singer met four school mates, class of 1891, at Wiesbaden, Germany. In their journey to escape the Hitler regime these men traveled through Russia and China, and thence to Seattle, braving many hardships. The reunion took place at a neighborhood club, where Mr. Singer was the speaker. Mr. Singer, by chance, had his class picture with him, and presented each schoolmate with a photostatic copy. Another classmate was contacted by phone.

Eugene and Mortimer Singer were also guests at the wedding.

**Floral Paintings of Ravinia Artist Warmly Received**

The floral paintings of Mithilde H. Menkey, nonagenarian watercolor artist and long-time resident of Ravinia, made their bow to the world of art in a private showing in New York City last month. Due to their warm reception in the east, the paintings are now en route to Mexico City, in the care of Mrs. Menkey's granddaughter, Mrs. Gaston Fabre, nee Virginia Wilson, where they will be displayed in private exhibition for the leading artists in the Mexican capital. From Mexico City Mrs. Menkey's work will travel to the West Coast for subsequent showings in Los Angeles and other of the largest art centers of the United States.

**Dompke Retires**

(Continued from page 2)  
of cars at school functions, helping out teachers or students with various problems, waving a friendly hello to help make some incoming freshman more at ease.

Otto, as he is known to everybody, is a quiet, sincere man, always ready to help you with your specific problem.

He has lived in Highland Park ever since his boyhood days, except for short periods, as when he was employed by the Kellogg Switch Board company, of Chicago, where he was an expert at installing switchboards. One of his jobs took him to Jacksonville, where he met his wife.

Two of his sons were in the army, the youngest one in the air corps, while his oldest one was in the medical corps. His other son is chief engineer at the Waukegan water works.

When Otto first came here in 1930, he kept the East building spic and span. Then for a year or two he was in charge of the laundry. Ever since then he has been head man in the Auditorium building.

His plans for the future are indefinite, although he is thinking of a job at the water works in Waukegan.—High School Survey.

**54 Ravinia Graduates To Enter High School On September 8**

On Wednesday, June 4, the Ravinia school said goodbye to 54 students who will enter high school on Sept. 8.

The graduation program consisted of numbers by the Ravinia school orchestra, songs by grammar school girls and boys, and by the combined grammar school chorus. Rabbi Richard C. Hertz pronounced the invocation.

Diplomas were presented to the graduates by Mr. Maurice Pollack, member of the board of education, district 108, and Lester B. Ball, superintendent, presented the class to the high school. The class was accepted by Miss Elizabeth Bredin, of the high school faculty, and welcomed by Stanmore Bennett, in behalf of the senior class.

Members of the graduating class are as follows: Stephen A. Arnold, Judith Bickmore, Henry R. Billeter Jr., Valarie Bloomstein, Ralph L. Chambers, Julianne Christopher, Jill Cooper, Lenore J. Crowley, Charles E. DeLeuw, Ione Pearl Dickover, Philip E. Dorough, Helen J. Eichler, Richard A. Freytag, Thomas C. Gutman, Carol L. Halverson, John Hansmann, Perry Hawley, Jeanne M. Herbst, Thomas E. Keim, Don Keller, James Kirkgasser, Jack Klinger, Richard Krueger, Thomas M. Leopold, Frederick S. Livingston Jr., Louise Loewenthal, Nancy Ida Lundgren, Elaine D. Matthiesen, Miriam Meyerhoff, Loy A. Mullins Jr., Martin Netzer, Peter L. Padorr, Shirley G. Patton, Patricia Peterson, Robert C. Postels, John Riggio, Alice Rosenberg, Judith Sanborn, Harold G. Schick Jr., Henry Schotanus Jr., Caroline J. Schwartz, Helen M. Schwartz, Dorothy Shelton, John Y. Simon, Barbara A. Skidmore, David E. Smith, Robert M. Smith, Richard E. Stallman, Donna Stine, Lois Jean Strauss, Charles Y. Thompson II, Philip J. Watrous, Jerry N. Weller and Norman A. Levy Jr.

**"Jamboree of Peace" World-wide Event For Boy Scouts**

A rare adventure in world fellowship will take place in France, Aug. 9 to 22 when 30,000 Boy Scouts expected from 39 nations will gather at Moisson, 40 miles northwest of Paris for their sixth World Scout Jamboree.

The "Jamboree of Peace" as the event will be known, will bring together boys from democratic nations in the first such encampment in a decade. The Jamboree camp, on an 1,850 acre estate loaned to the French Boy Scouts association by Jean Lebaudy, will be divided into 15 sub-camps of 2,000 each.

Men of character, merit, ability and personality with long experience in scouting have been selected as leaders of the American contingent.

President Truman, writing to the Boy Scouts of America as their honorary president, said:

"Those of you who will go to France in August to attend the sixth World Jamboree will camp with brother Scouts from many countries. I am confident that you will make the most of this opportunity to further cement our bonds of friendship. What better ambassadors of peace could we send than you Scouts who will make this journey!"

Representing this locality will be Henry Peddle, 619 Homewood, Highland Park, and Gregory Newell and Pete Clark of Deerfield.

The American party is expected to sail from New York harbor late in July. The arrival at Le Havre is scheduled for Aug. 1.

The return journey is to start from Le Havre Aug. 22 with arrival at New York by Sept. 1.

Communications intended for publication must be written on one side of the paper only, and be signed with the name and address of the writer.

Lester S. Olson, Publisher.  
E. B. Olson, Editor.

**Chicago and Northern Illinois . . .  
Future Medical Capital of the World**

Already known throughout the world for its schools of medicine, institutes of scientific research, and large, well-staffed hospitals, the Chicago and Northern Illinois area will continue to attract important men of medicine from the world over.

Today, the area is the site of four medical and three dental schools of highest standing. Practical training is carried on in the 174 hospitals, and 27 sanitariums and infirmaries containing 71,349 beds. Here, also, are the homes of a dozen national and international organizations in medicine and related fields. The territory is now the world center for medical information . . . more than forty medical and allied journals are published here.

Within the next few years, Chicago and Northern Illinois is destined to rank above all the great medical centers in history. Three tremendous expansion programs are far beyond the planning stage with most of the land for the buildings already purchased. Public and private sources have pledged additional funds for the establishment of new medical facilities, hospitals and laboratories to cover many acres of land and to cost hundreds of millions of dollars.

In the Medical Center District project, the University of Illinois and Loyola University, the State Department of Public Welfare and the Veterans' Administration will erect a community of new buildings for the study of public health, industry and aviation medicine. In another of these vast programs, Northwestern University plans ten new buildings, including an Institute for Medical Research in such fields as heart ailments, cancer and high blood pressure. Other buildings in this group will enlarge the facilities for special medical studies, hospital care and the nursing school. As part of this project the Veterans' Administration will erect a hospital, and Mercy Hospital will install a one thousand bed hospital unit and a research center.

At the University of Chicago still another of these expansion programs is under way. Four new clinic buildings and four buildings for atomic research, including the Institute of Radiobiology and Bio-physics, will be added. Extensive investigation will be conducted into the new possibilities in medicine, particularly in cancer, opened by the development of atomic research. Throughout all of Chicago and Northern Illinois many other groups have announced plans totaling more than 200 million dollars for hospital facilities.

Students and doctors seeking opportunities for research, advanced study, and actual training under foremost physicians and surgeons will turn to the many hospitals and schools here. As the land is being cleared in multi-million dollar programs, and as the finest hospital and laboratory equipment in the world pours in, future world leadership in the field of medicine is assured for Chicago and Northern Illinois.

Industries in this area have these outstanding advantages: Railroad Center of the United States • World Airport • Inland Waterways • Geographical Center of U. S. Population • Great Financial Center • The "Great Central Market" • Food Producing and Processing Center • Leader in Iron and Steel Manufacturing • Good Labor Relations Record • 2,500,000 Kilowatts of Power • Tremendous Coal Reserves • Good Government • Good Living • Good Services for Tax Dollars. Send for free booklets containing useful information on these advantages.
