SUCCESS FORMULA—Start from scratch and keep scratching.

The changeover from manufactured gas to natural gas is progressing close to schedule. There have been some inconveniences, and some misunderstandings—but a few for such a big and highly specialized job. We started from "scratch" and our conversion crew keeps "scratching" 10 or more hours a day, six days a week—or more.

Feminine intuition gets the credit for what in many cases is merely male transparency.

They say a man who flirts with a waitress is playing for big steaks.

Steaks taste better, look better, and are better for you when they are broiled. A real flame broils best—seals the flavor in the meat.

Sky Course Opened for Play Skycrest's second 18-hole course named the Sky course, was formally opened for play over the week-end by Lillian Townsend, Illinois' state woman's champion and veteran champion of the links, Chick Evans.

The entire club facilities have been remodeled and a new swimming pool added for the enjoyment of the 500 families now members of the organization.

# ONE-TWO-THREE-FOUR-FIVE-SUGGESTIONS

...to help you make better use of your NEW Telephone Directory

WE TRY to make your telephone directory accurate and complete. These five suggestions, if followed, will increase its usefulness.

1. Be sure to discard your OLD telephone directory if it was not collected when the new one was delivered. (Don't destroy it—turn it in for waste paper.)
2. If you have a memo list of numbers called frequently, verify these numbers now by looking in your NEW directory.
3. Always consult the directory when not sure of the number.
4. Look in your directory—don't ask "Information" for numbers listed there. This avoids making two calls instead of one.
5. Use the "Classified" section (yellow pages in most directories) to locate wanted products, services or professional help.
