Time, The Weekly News-magazine, in its June 2nd issue carried a cover story on Imprasario Billy Rose, mentioning various people whom the inimitable Billy had started fame-ward. "In 1924..." says Time, "Billy hired a chorus girl with a voice as hot and blue as a gas flame—Helen Morgan." Time's penchant for apt and accurate adjectives, in this instance, couldn't be more applicable.

It is hot and it is blue and it is clean—Natural Gas.

A new method of making goblets without seams at the bowl has won a patent.

For washing glasses of any type, you need plenty of hot water. Natural Gas heats water faster! Only gas is 100% automatic, nothing to store, no involved and expensive wiring.

U.S. Savings Bonds are the best buy. A thing of value is Natural Gas service—no tanks to fill—storms won't effect this dependable service. Very hot, very clean and most economical, that's Natural Gas.
