## "Never Under-Estimate The Power Of A Woman!"

Well, folks, income tax blanks are filled in and our money has gone to ye olde collector of internal revenue. Now we hope the "T" men receiving our modest check make a gallant attempt to keep the money inside the United States.

Frankly, we wouldn't like to see this rather hard-earned cash ease out of the good old U.S. and arrive in the laps of certain mustached European bosses.

### "GIVES US AWAY"

But, we guess it will. It will if dynamic speaker Vivien Kellems, latest "Man of the Hour" (female division!), knows what she's talking about.

She surely seemed to when, armed with sensational facts, she spoke at the high school auditorium last week before a small, attentive, almost wildly enthusiastic group of North Shore Republicans. "He hoisted a few martinis, got feeling good and just gave us away," the fiery, yet feminine, little Connecticut industrialist said about F.D.R.

### "GET NEW DEALERS OUT"

"How do Washington crackpots figure the United States—representing seven percent of the world's population—can support the other 93 percent? It can't be done. The sooner we clean the new dealers out of Washington, the better off we'll be," she said in one part of her speech.

In the frankest and most startling public address we've ever heard, Miss Kellems continued: "For years we've been building up Russia—and now we're trying with all our diminishing resources, to tear her down."

"That is, we're trying to stop her with our right hand while our left hand sends her all kinds of supplies to build her war and economic machines."

### "AWAY WITH MARSHALL"

Plastering away at nearly every plan Washington Democrats have tossed at the American public, bombastic Miss Kellems nearly shouted:

"We must withdraw from Europe. We must do away with WPA, Lend-lease, The Marshall Plan, and all the rest. Let's get political—but not economically—out of the rest of the world. Our foreign meddling is 'Operation Rathole'. We're digging the graves for World War III soldiers now with the dollars we're sending abroad. Why, we're at war right now!"

She continued: "The people of Europe don't know what, or how, we think. And they don't care. All they want is our money. And we're surely giving it to them. Trading is a two way proposition. They should give something too. Let miners in England and France get to work and start digging coal for us for a change!"

### Roma Lind Addresses Ravinia Women's Club

Miss Roma Lind, head of the cosmetic firm Roma Lind, Inc., 177 North State street, Chicago, Illinois, addressed the Ravinia Women's Club Wednesday Jan. 14, at the auditorium in the Village House, Highland Park, Illinois.

Miss Roma Lind began her career as a dancer and professional model. She was employed by Montgomery Ward and traveled the country training their sales personnel in personality development. After two years with Montgomery Ward, she resigned to engage in a similar type of work for department stores. She was associated with the William T. Knott and the Arkwright Merchandising organizations of New York, training department store personnel in "personality selling." She was also employed by the telephone company.

Highland Park—Plans for the first open meeting of the Highland Park Young Men's club to be held Tuesday, Jan. 20, instead of Jan. 21, as first planned, in the Community center at 8 p.m. were made at a meeting held Thursday night in the center. Darwin Inman presided and present were Mike Miotti, Marcella Rollery, Edward Dostalek, Lloyd Moon, Warren Dean, Howard Gross, Frank Faero, James Golden and Mel Mullins, director of the center.

The purpose of the meeting was to formulate plans for re-organizing the club which was disbanded during the war years.

The club will be started as an athletic organization and it is expected that social activities will follow.

### Jewish Women Launch "Council Cavalcade" Program

On Tuesday, Jan. 20, 8:30 p.m. at the Temple, 840 Wagon ave., Glenview, the North Shore Division of the National Council of Jewish Women, launches its new program "Council Cavalcade", a "picture-parade of ideas and information basic to constructive action on public affairs," according to Mrs. David H. Cahn, education chairman. The program will be presented as a "Film-Forum", using the "best available documentary films, the forceful new medium for study and discussion-group." It will continue through the first and third Tuesdays of February, March and April.

Mrs. William G. Barry, authority on foreign policy who is conducting classes on "Current World Affairs" for the Chicago Council on Foreign Relations, will give a talk, "Orientation", preceding the first film-showing. She will tell of the outside pressure of world events on the United States and its political economy and will indicate the extent of our ability, by example, as well as by actual assistance envisaged in the Marshall Plan, to make democracy a more vital force in the world than it already is. The two films to be shown at this meeting will be "Democracy" and "Despotism."
