**The MIDWESTERNER**  
by Robert Casey and W. A. S. Douglas

This is the story of Dwight H. Green, the Midwesterner who believes that the preservation of the pioneer spirit is the hope of America and the world... that the destiny of our country lies in its system of free enterprise.

Read the story of how this great prosecutor cracked Al Capone's famous empire-outside-the-law and succeeded in the apparently hopeless task of sending him to a Federal Prison.

Dwight H. Green is a man who has guided the government of Illinois for the past 8 years with uncompromising honesty and integrity, a man "who cannot be bullied or bought, who understands the state's problems and does something about them."

Still echoing the quarterback spirit of college days the Midwesterner never hesitates to plunge directly into every job... calling signals yet still doing his share of the blocking and tackling. Remember his drive and skill in legislative battles over the Illinois soldier bonus bill and the Congressional reapportionment act? Where seven previous governors had failed for 46 years, Dwight H. Green succeeded.

THE MIDWESTERNER is a thrilling account of our own governor's meteoric rise from a struggling lawyer to the highest office in the state. Every citizen should read it.

## 3 WAYS OUT OF A DOG HOUSE...

When flowers and sweets fail to impress the little woman, brother you'd better invest in one of these three automatic Gas appliances—and quick!

- Any woman who can cook can do a better, cleaner, easier cooking job on an automatic "CP" Gas Range... the best range offered by leading manufacturers. "CP" Ranges light without matches, broil without pre-heating, cook a complete oven meal without watching.
- The whole family will go for the automatic Gas water heater. And no wonder. You install it and forget it. It delivers all the hot water you need when you need it... 24 hours a day. All you need to do is turn the hot water tap.
- If your wife likes peace and quiet, the Servel Gas Refrigerator is the one for her. It's the refrigerator that stays silent, lasts longer. That's because there are no moving parts in its freezing system to wear out or make noise.
