

Deeps and Shallows

Books

Books are planes
That wing through skies of
thought,
Where fancy reigns
And fairy lands are wrought.

—E.B.

Just Boy

(Not Original)

After a male baby outgrows long dresses and triangles, and acquires pants, freckles and so much dirt that relatives don't dare to kiss him, he becomes a BOY. A boy is nature's answer to that false belief that there is no such thing as perpetual motion. A boy is a growing animal of superlative promise who can swim like a fish, run like a deer, climb like a squirrel, balk like a mule, bellow like a bull, eat like a pig or act like a jackass, according to climatic conditions.

A boy if not washed too often and kept in a cool place, quiet after each accident, will survive broken bones, hornets, measles, fights and nine helpings of pie.

A boy is a piece of skin stretched over an appetite; a noise covered with smudges. A boy is the problem of our time, and the hope of the world. Every boy born

is evidence that God is not yet discouraged with men.

Coal-Hole Nellie Takes Over

Our Coal-hole Nelly has an only child; I'm much afraid the baby will be sp'iled; She bathes the tyke from head to tail, and then Adoringly, she starts its bath again.

Our Coal-hole Nelly brings her furry brat Wherever we may happen to be at; And her green feline eyes portray such care She gets to leave her infant anywhere.

Right now I'd much admire to stretch and slouch Upon the cushions of our study couch . . . Oh, dear, no—not a chance . . . I wouldn't dare, For Nelly and her kitten slumber there.

Class "A" League Sees Close Games

Santi's Dairy defeated Fells last Wednesday, June 30, by a score of 11 to 10 in the Class A League sponsored by the Playground and Recreation Department. A single by McCarthy with two men on and the score 10 all sent in the winning run as Fells lost their first league game.

Thayers defeated Ideal Cleaners 7 to 6. With the score tied, Henning smashed a home run in deep left field to end the game in the 9th inning to give Thayers their first victory.

Harrison Wholesalers defeated the strong V.F.W. team 9 to 3. D. Meggiorini who pitched a no hitter his previous start couldn't find the plate in the second inning, 5 walks and 4 hits accounted for 8 of the runs scored in that inning by Harrison. Murphy pitched a 4 hit game to limit the V.F.W. to 3 runs. Final score, 9 to 3.

In the Friday night games Thayers put up a hard fight to give Fells the jitters in their game. The game was tied at 3 all going into the 8th inning. Thayers scored one run in their half to put them ahead 4 to 3 but Fells came back and scored 2 in their turn at bat to win the game 5 to 4.

Santi's Dairy had an easy time with the Ideal Cleaners. The game was called at the end of the 5th inning with Santi's ahead 19 to 7.

Harrison Wholesalers defeated Chandlers in the other game 6 to 3. Murphy, pitching for Harrison and Grimmison for Chandlers, each allowed 4 hits. Murphy helped win his own game by hitting 2 home runs.

Chicago Railroad Fair

You can have the time of your life for less than a dollar in admission charges and fares at the national Railroad Fair opening on the lakefront between 20th and 30th streets later this month. Entrance to the spectacular

mile-long exposition of grand-scale pageantry, exhibits and entertainment will cost only 25 cents, including tax. For your quarter's worth you will be privileged to enjoy 50 acres of dramatized displays and thrilling entertainment to be presented by most of the nation's major railroads and a number of the railroad industry's leading supply and service organizations.

Spend another 60 cents, which also includes tax, and you can sit through an hour and a quarter of gigantic spectacle during a performance of "Wheels a-Rolling," the Railroad Fair's fast-moving action-packed pageant of transportation. This will be held at least four times daily, at 2, 4, 7:15 and 9 p.m.

There is one other charge at the Fair—and that's the third and last one, making a total of but 95 cents. For 10 cents you can ride the length of the Fair grounds on the "Deadwood Central" narrow gauge railroad system. This colorful little line will be a re-creation of the type of narrow gauge systems in operation years ago in the Rocky Mountains region.

The forthcoming Railroad Fair will be open from July 20 through the summer, from 10 a.m. to 10:30 p.m. daily. Schedules of free entertainment such as moving pictures, rodeo shows, Indian singing and dancing festivals, stage shows and musical programs are being so planned that each hour of the day will include a wide variety of appealing attractions.

TREE SURGERY

Landscaping, pruning, spraying, cavity work. Dangerous trees removed at reasonable prices. We use power chain saw.

North Shore Care Project

CARE food packages to more than 250 unfortunate European families will soon be on their way as the result of the North Shore CARE Project Campaign during the week of June 16 to 23.

The results of the drive were announced this week by James W. Mann, General Chairman of the Project, and Mrs. Arthur H. Richland, Co-Chairman. Contributions totaled just under \$2,500, were received, and there is still a steady flow of checks arriving.

"Speaking for the committee," Mrs. Richland said, "I want to thank both those who worked in the drive, and those who opened their purses to help their less fortunate fellow men. Because each CARE package is designed for a family of four, the bundles going overseas will bring happiness and new courage to more than a thousand men, women, and children living in the bombed-out rubble of Europe's war-stricken cities!"

One package will carry the name of Lynn Jones, age 11 of Highland Park, who won the CARE package which will bear her name as the donor.

Although the campaign is finished, there will be an interesting aftermath; the acknowledgements by the persons who received the CARE packages. Many of these acknowledgements, in the form of letters, have provided intimate insights into conditions under which the recipients are living.

"We have done more than feed some of the hungry; we have helped build morale among people greatly in need of it," Mr. Mann concluded. "Everyone who worked in the Campaign or contributed funds should feel a little better for having done a brotherly act."

The following is a list of the sponsors—those who contributed \$50 or more to the fund:

Mr. and Mrs. Melville Keim, Mr. and Mrs. J. E. Michalls, Mr. and Mrs. Edward Weil, Mr. and Mrs. A. J. Freiler, Dr. and Mrs. Gilbert Loewe, Mr. and Mrs. Arthur H. Richland, Mr. and Mrs. Richard Walman, Mr. and Mrs. David Siegel, Miss Alice Coolidge, Mr. and Mrs. Harry Misch, Glencoe Union Church, Glencoe Rotary Club, Mr. and Mrs. Fred E. Clark, Mr. and Mrs. Nathan Cohn, Mr. and Mrs. Albert Pick, Jr. and North Shore Florists.

Last Call For Brookfield Zoo Trip

The boys and girls in the Recreation Department Junior Playgroups and the regular Day Campers are taking a trip to the Brookfield Zoo on Friday, July 9th. Buses leave Highland Park at 9:30 and return at 3:00 o'clock. The cost of the trip is 75c plus 25c admission to the Zoo for persons over 16 years of age and 5c admission fee for children 12 to 16 years old. There is no admission charge for children under 12. Children going on the trip must turn their money and their parent's written permission to their Playground Director by Thursday, or bring it to the Community Center by 3:00 p.m. Thursday.

Ravinia Party For Johanna Lodge No. 9

Johanna Lodge No. 9 of United Order of True Sisters, is planning to meet for a picnic supper before the concert at Ravinia on Saturday, July 10, at 6 p.m. on the Ravinia grounds. No reservations are necessary and all North Shore members and friends are invited to bring their own supper and attend.

You'll sleep this summer...

in a Night Cooled home!

How a Night Cooling Fan Works

An attic or window fan in your house or apartment lowers the inside temperature by pulling in cool night air, circulating it through the living quarters and forcing out the blanket of hot, dead air. This moving air speeds the evaporation of skin moisture - thus, you feel cooler immediately!

Yes, it's true! You can get those eight hours of sound sleep every night this summer. . . in spite of the heat. A night cooling fan in your house or apartment insures sleeping comfort all summer long. The stifling, heated air in your home is removed. . . and replaced by cool, night air from outdoors. In a night cooled home, you never lie awake for hours wishing for just "a breath of air."

The temperature of your house or apartment is lowered as the refreshing air from outside is circulated through the rooms. You feel cooler immediately. . . the moving air has

the same effect as a gentle breeze.

Try this simple test and prove to yourself how air in motion cools. Just dampen the back of your hand and then blow on it gently. See what we mean? That cooling sensation is the result of moisture being evaporated by moving air.

Be sure of healthful, relaxing sleep every night. . . install a night cooling fan now!
