Rites On Wednesday For Dr. George J. Hinn Sr.

Dr. George J. Hinn Sr., 919 Ridgewood dr., Highland Park, died Sunday in St. Francis hospital, Evanston after an illness of two weeks. He had practiced internal medicine in Chicago for 44 years, and was 75 years of age.

Born Aug. 25, 1872, in Fond du Lac, Wis., he was graduated from Rush and Illinois medical colleges, Chicago, in 1904. He was a member of the Illinois Athletic club, American Medical association, Chicago Medical society, Alpha Phi Omega, medical fraternity, and the Evanston Commandry of the Knight Templars.

Surviving are his wife, Anna K., and two sons, Dr. George J. Hinn Jr., a fellow in pathology at Cook County hospital, who is just completing 5 years of special training for the American Board of Surgery and who will take over his father's practice, and Wilbur C., at home. Also surviving are 4 sisters, Mrs. Rose Klinghoefer, Mrs. Elizabeth Koerting and Mrs. Martha Brennan of Chicago, and Mrs. Anna Pripke of Fond du Lac; a brother, Louis Hinn, of Fond du Lac, and two grandchildren.

Funeral services were held Wednesday at 2 p.m. in the funeral chapel at 27 N. Sheridan rd., with the Rev. H. K. Platzler of Redeemer Lutheran church officiating. Burial was made in North Shore Garden of Memories.

Rites On Friday For Marjorie Kutzer

Last rites will be observed at 2 p.m. on Friday, at the Kelley & Spalding chapel, No. Sheridan road, for Mrs. Marjorie Kutzer, 389 Comstock, who was taken by death on Tuesday of this week at the Bethany hospital, Chicago.

Dr. Sherwin, pastor of the Presbyterian church, will officiate.

Mrs. Kutzer was born in Chicago, Sunday, August 8, marked her thirtieth birthday.

She was graduated from Ravin-grammar school and Highland Park high.

Surviving are her husband, Matthew M., Jr., to whom she was married ten years ago, and her parents, Mr. and Mrs. Jacob Roth of Highland Park.

Interment will be made at Acacia Park, Chicago.

Deerfield Resident Taken By Death

Robert L. Smith, 710 Westgate road, Deerfield, passed away in the Highland Park hospital, Thursday, August 5, at the age of 69. A resident of Deerfield for seven years, he had for many years been engaged in business in Chicago. He was a veteran of the Spanish-American war.

Surviving are his widow, Ellen; one son, Robert L. Jr., both of Deerfield, and a daughter, Mrs. Helen Knox of Chicago. Services were private.

E. A. Wolters Attends Rites For Father

E. A. Wolters, principal of the Highland Park high school, 1303 Judson avenue, last Friday attended the funeral services of his father, Rev. E. C. Wolters, who passed away on Wednesday of last week at his home in Hastings, at the age of 80. Funeral services were also held in Burlingame, Kansas, former home of the deceased, where he had lived for a number of years.

Other North Shore survivors are two grandchildren, Bob and Winifred Wolters, of Highland Park, and a nephew, Larry Wolters, of Evanston, Radio Editor of the Chicago Tribune.

Park Board Referendum

(Continued from page 1) mer program carried on by the Playground and Recreation Board depend to a large extent on the Park District for facilities. The facilities offered by the District add a not inconsiderable amount of value to your home property by making the town a desirable place in which to live. A deterioration of the Park District can result in a greater loss in such value than the small amount per year which the tax increase proposed represents. Assuming the assessed valuation of your home to be \$10,000.00 the increase per year on your tax bill would be a total of \$.80 over that in 1947, or, if based on the 1948 tax bills just received and from which the District is receiving the reduced income the increase would amount to a total of \$2.20 per year.

Precincts and Polling Places There are four precincts in the Park District and the polls will be open from 6:00 in the morning to 5:00 in the afternoon.

The boundaries of Precinct No. 1 are as follows: Beginning with Walker Avenue or Fort Sheridan on the north, the east lines of the Chicago and North Western Railroad on the west, with Beech Street on the south and Lake Michigan on the east. The polling place will be at Davis-Maurine Electric Service, 10 N. Sheridan Road.

The boundaries of Precinct No. 2 are as follows: Beginning on the north with Beech Street, then Ridgewood Drive to South Green Bay Road down South Green Bay Road to Edgewood Road to the East Skokie Drainage Ditch, then south to County Line Road and then east on County Line Road to Lake Michigan. The polling place will be the Ravinia Station of the Chicago North Shore and Milwaukee Railroad on St. Johns Avenue.

The boundaries of Precinct No. 3 are as follows: Beginning on the north with Old Elm Road, with Old Elm Golf Club and the East Skokie Drainage Ditch on the west to Edgewood Road, then east from the drainage ditch on Edgewood Road to S. Green Bay Road, then north on S. Green Bay Road to Ridgewood Drive, then Northeastly on Ridgewood Drive to Beech Street, then north along the east lines of the Chicago and North Western Railroad to the Highwood boundary. The polling place will be at the Highland Park Community Center, 549 Central Avenue.

The last precinct is No. 4 which lies west of the East Skokie Drainage Ditch and is bounded by County Line Road on the south, the west Skokie Drainage Ditch on the west to Berkeley Road, east on Berkeley Road to Cavell Avenue, thence north on section line to its intersection with the East Skokie Drainage Ditch. The polling place will be the Deerfield Park Fuel Co., 1205 Deerfield Road.

Summertime and frequent trips to the beach require lots of changes. That in turn runs into expense. Keep your bathing suits fresh by giving them new color with all-purpose dye that is guaranteed to work on all fabrics whether natural or synthetic.

Keep prunes, raisins and dried apricots soft by storing them in a tightly covered glass jar as soon as you get them home from the store.

Bethany Adds Two To String of Victories

Defeat Chiefs; St. Johns With Jack Hanson on the mound, Bethany's hard hitting team swept past the Chiefs Monday, August 2, and the hard-luck St. Johns team Thursday, August 5. Hansen went the route in both contests, with Lowe dropping the decision for the Chiefs and Hennig being the St. John losing pitcher. John Hull, Harry Marsh and the pitcher, Bill Lowe, collected a pair of hits apiece for the Chiefs, bringing in 8 runs, but even that wasn't enough as Bethany caught up in the sixth inning and went ahead in the last stanza to win, 11-8. The hitting of Johnson, Mason, and Bob Craig was the deciding point for the Bethany team.

In Thursday's contest against St. Johns, Bethany trailed in the first half of the first inning, but gathered up 3 runs in their half of that stanza to gain a lead they never lost. The longest hit of the day was Christman's homer that drove in 3 runs, the Bethany team going on from there to win 16-3. Bock, Bischoff, and Hennig collected timely hits for St. Johns and although the runs were important, Bethany's power proved too much, and Hansen's pitching proved too accurate for the St. Monday, Tuesday and Thursday of this week Bethany has games scheduled with the Chiefs, Lutheran and Wilmette. The Bethany team will for the first time be sporting their new uniforms as they continue to defend an undefeated season.

Recreation Department 16 Inch League

Midway through the second round of games in the 16 inch League Russells still is the team to beat. Unless some team in the remaining three games can defeat them they are practically a cinch to win the championship. Russells had some very close games which could have gone either way and they can be beat. The V.F.W. did it in the first round when they won 7-1.

Last week's games saw Fells defeat Olson's Printers in a very tight ball game 4-3. This win put Fells in 2nd place.

The 19th Hole Club coming up strong this second round won its second straight game by scores of 11-10. They were ahead at one time 9-0 then lost the lead and had to score twice in the 9th inning to win the game.

Russells and Ravinia put on the power the game ending 14-8.

In the night game the Blue Goose team strengthened by the acquisition of "Angie" Passuello who hit 2 homers, a triple and a single defeated the Monarchs in another high scoring game 12-8.

The candidate for the police force was being verbally examined. "If you were by yourself in a police car and were being pursued by a desperate gang of criminals in another car going 60 miles an hour on a lonely road, what would you do?" asked the police chief. "Seventy," the candidate replied emphatically.

NATIONAL PRESS BUILDING WASHINGTON, D. C. By Anne Goods

A new plastic broom really chases dust and dirt. By producing static electricity when wielded briskly, it pulls dust and lint particles from rugs and floors.

At this writing, it seems doubtful that during this session of Congress the Senate will have the opportunity to vote on legislation which would repeal taxes on yellow margarine. But home-makers can continue to remind legislators, both Federal and State, that you want yellow margarine tax-free. Such great progress was made during this session that it seems impossible that selfish dairy interests can prevent legislation from being passed during the next session.

There's a gold rush this summer - but this time the mine is accessories. Gold bags and shoes that never venture but till after dark are now being featured with informal daytime dresses, particularly white. Gold jewelry, too, is fashionable.

If you sandpaper baby's shoes just a bit on the bottom, the little one won't be apt to slip and fall as often. And speaking of shoes-keep those diminutive numbers clean with the ol' shinola white which both cleans and polishes.

Going a picknicking? Then look for the new Poly-T plastic bowls which are grand for icebox dishes and equally good for picnic salad bowls because they have a marvelous tight cover. At big stores, they'll probably soon be at the smaller ones.

USED FAT IS ASSET Spoon every drop of unusable fat into your fat salvage container and sell it to your meat dealer. You will add pennies to your food budget and help ease the world-wide shortage of fats and oils.

HOT WEATHER THIRST QUENCHER

When the weather's hot, tall cooling beverages hold the spotlight and the appearance of a frosty pitcher, accompanied by crisp cookies, is a refreshing sight. Most satisfying thirst-quenchers are drinks which are not too sweet and the attractive cooler pictured above is ideal for bridge parties or when friends drop in to visit. The delicate, light flavor of the sauterne wine combines invitingly with either lemon or lime juice and the drinks may be prepared individually in tall glasses or mixed in a water pitcher.

COUNTRY CLUB COOLER (individual serving) 1 tablespoon sugar Juice of 1/2 lemon or 1 lime 4 ounces Roma Sauterne Sparkling water

In a tall glass combine sugar and lemon or lime juice. Add Roma sauterne and ice cubes. Stir well. Fill with chilled sparkling water or plain ice water and garnish with lemon or lime slice.

WASTE NO FAT

The need for salvage of used cooking fat is still great. It is important that all fat is used in every home. However, there comes a time when fat is no longer usable for cooking purposes. You can sell this excess fat to your meat dealer for cash.

Fat Salvage Is Routine Every American woman can make an important contribution to the world supply of fats and oils if she regards the salvage of used fat as an indispensable part of her regular cooking routine. Used kitchen fat processed for industrial use helps to ease the pressure for fats and oils which are scarce the world over.
