BETHANY WINS—

give himself the victory. The last inning double by Bob Johnson was the deciding factor in the victory. Leeming's three singles accounted for four of the Chiefs' 9 runs.

The second game of the week against the Bethany Club saw the Chiefs pick up 10 runs in the seventh inning, after leading 13-3. Winters, Girace, Lowe and Aubrey were the powerhouses in the victory, Lowe going the route on the mound. For Bethany, Hansen started and Christmas relieved; Hansen received the defeat. Craig saw a perfect day at bat for the Bethany Club, and Dan Vetter pounded out two smashing singles, but the team fell down for the second straight time defensively.

The Lutheran team took a well earned victory from Bethany on August 10 as the Bethany Club committed error after error in its first defeat of the season. Howie Pantle led the Lutherans in hitting with 3 singles, while Dickenson and Kayo Krueger collected a double apiece. Freddie Roucher was Lutheran's winning pitcher. Hansen led his Bethany teammates in hitting with a homer and double. Larry Vetter lined two sizzling singles out to drive in runs that fell one short of victory. The high point of the game was Roucher's last winning pitching with men on second and third and one gone; he struck out the next two to end the game.

Return games are scheduled between Bethany and Lutheran and Bethany and the Chiefs. Wheeling is slated to be in Highland Park facing Bethany this week also.

3,961 World War II Dead Returned From Pacific

Remains of 3,961 Americans who lost their lives during World War II are being returned to the United States from the Pacific area aboard the United States Army Transport Dalton Victory, the Department of the Army announced today. Arrival of the vessel will be announced by the San Francisco Port of Embarkation.

Armed forces dead originally interred in temporary military cemeteries in the Philippine Islands are among those being brought back to this country.

A total of 257 remains are being returned upon instructions of next of kin residing in Illinois.

Housing Rights Of Veterans

The right of a veteran of World War II to have first opportunity to buy or to rent a dwelling completed after June 30, 1947 and prior to April 1, next year, was emphasized today by Norman Nicholson, area rent representative.

"We have announced that the Waukegan rent office is ready to accept complaints regarding veteran housing built with priority authorization, so it is also timely to remind veterans of their new construction preference right, that continues under the housing and rent act of 1948," he said.

This right was first written into the veterans emergency housing act of 1946, he recalled, and with minor modifications has continued in effect since that date.

The preference extends to veterans of World War II or their families.

The Waukegan rent office, Nicholson said, is in a position to answer questions veterans may have on preference or priority authorization for construction.

Two trucks met on a country road just wide enough for one. Truck driver No. 1, a scrawny, frail little man, leaned out of his cab. "Turn out, you," he shouted. "If ya don't, I'll do to you what I did to the last guy who wouldn't turn out for me."

Two-hundred-pound, muscular driver No. 2, not caring to have trouble, pulled out. But as the other truck rumbled by, he yelled: "What'd ya do to that other guy?" "Turned out for him," said No. 1.

Mrs. Virgil Lenzini is general chairman of the affair. Mrs. Albert Ferraro is co-chairman.
