and Alec realized that this stallion was the wildest of all wild creatures—unbroken and untamed. Alec did not realize at the time that this horse would play a large part in his life, leading him through many dangers in their journey to America. An excellent and thrilling book for boys of all ages.

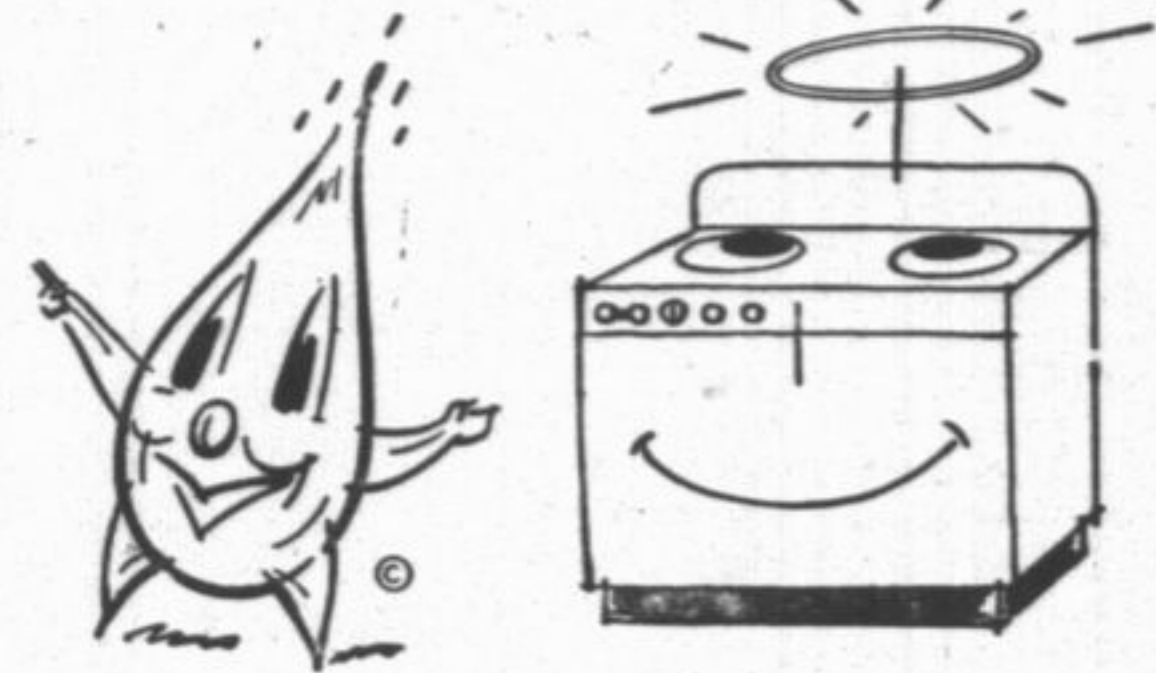

Save Money

with new thrifty cooking method...

With latest automatic Gas cooking methods, you save vitamins and minerals, food and fuel. For top burners on the amazing new Gas ranges are of the "high-low" type so foods can be brought to a boil quickly, then simmered gently to retain vitamins and minerals. Automatic heat controls hold oven temperatures as low as 250 degrees, reducing food shrinkage up to 20%. Heavy insulation keeps the heat in the oven, reducing fuel costs. Come in. See for yourself how the new automatic Gas ranges make cooking easier and more economical than ever before.

Only ranges built to the gas industry's rigid "CP" standards carry this seal. Look for it when you buy. It's your guide to the finest models built by leading manufacturers.

Extra Halloween Treats To England

The children of Highland Park will share their Halloween treats which they collect on Beggars Night with the children in Southampton, England.

The local elementary schools, the Parent Teachers Associations, the Churches and the Girl Scouts are working with the Highland Park Playground and Recreation Department in this project.

This project is planned for Beggars Night only—Saturday, October 30th—and parents are asked to be generous with wrapped candy, gum, chocolate bars and other appropriate "sweets."

Boys and girls will bring the treats that they have collected on Beggars Night to one of the following reception centers the next morning—Sunday, October 31st—between 9:30 and 11:00 a.m. at the Community Center, any of the local Churches, Braeside, West Ridge, Lincoln or Ravinia Schools.

The Recreation Department will take all the contributions to the Girl Scout cabin where Mrs. Roger's Troop will wrap them and prepare them for shipment to England as a part of the Girl Scout Open House ceremonies on Sunday afternoon.

Monday Is Dance Night At Center

Monday night is dance night at the Community Center and any Highland Parkers who are interested in meeting new friends or having a good time with his old friends is invited to come to the Community Hall any time from 7:30 to 10:00 p.m.

The social evening is planned for adults in the community and there will be a very nominal fee to cover expenses.

Victim Of Fight Now In Hospital

A short but vicious battle took place in Ravinia, Monday when two colored men, James Adams of Chicago, and William Carpenter, who works in Highland Park, mixed over a marital tangle. The fight ended when James Adams succumbed to a blow from a jack handle. He is now recuperating in the County hospital.

Has Large Collection Of Rare European Coins

Coins of all shapes, colors, and nationality make up Fred Schwiager's hobby. Although he is only a junior at our high school, his collection excels that of many collectors who are years older.

He began his hobby in 1940 when Mr. Hambly, a good friend of the Schwiager family, visited them after an extensive tour of Europe. He presented Fred with a Spanish doubloon which he acquired in the course of his travels, telling him, "That this coin would be a fine beginning for a coin-collecting hobby." With this coin and others Mr. Hambly had given

him, Fred became an immediate coin enthusiast.

Years passed by, with Fred always adding additional coins to his collection, always trying to find the coin that would complete a group. At first it was very hard to find the right type of coin to complete a set, until Fred Schwiager became acquainted with another boy who also collected coins. He and Fred then traded coins, each thus getting the desired coins.

The most beautiful item in his collection is a Hungarian rubel, which has several kings heads engraved on it. Fred prizes this coin above all the others because of its exquisite engraving. This coin, which is valued at sixty-five dollars, is one of Fred's most valuable pieces. His coin albums have won many blue ribbons in both state and county contests. His collection is still incomplete, but someday he hopes to have one of the finest collections in the world.

More New Books In Library Catch the Eye

Here is something more about some of the new books that the high school library has bought this year.

"The Black Stallion," by Walter Farley, is very good. It is a story of Alec Ramsey, who saw his first black stallion when his ship docked at an Arabian Port on the Red Sea. The black stallion screamed,

Great Numbers of PEOPLE

It takes much more than great quantities of good equipment to provide good telephone service.

It also takes great numbers of people.

If all the people who either work for the Bell Telephone System in Illinois or have money invested in the

telephone business lived in one locality they would form a city larger than Peoria. Their city would be the second largest in the state.

These people—one out of every 63 residents of Illinois—have an important stake in the welfare of the telephone business.
