Scouting Activities

Girl Scouts
All Highland Park and Deerfield Leaders have been invited to attend the talks by Mrs. Theron Colton, well-known naturalist. These talks are sponsored by the Lake Forest Garden Club, and will be held Wednesday, November 17th and December 1st, at the Gorton School, 400 East Illinois Road, Lake Forest, at 7:00 p.m. The subjects of the talks will be:
November 17—Birds.
December 1—Flower Families.
There will be no admission charge.

This is to be an intensive course in nature study, presented from many angles, and will appeal to everyone interested in the different aspects of nature, and particularly to those whose work brings them in contact with children. School teachers, Scout leaders, etc. will get great inspiration for leadership.

All those attending these classes will be equipped to present the subject to their group of children. There will be a display of helpful material, and information will be given as to where more material may be found. As Mrs. Colton has been teaching nature subjects for many years, she is particularly qualified to present these lectures in her own charming and inimitable fashion.

Izaak Walton League Offers Prizes For Best Essays

Pollution of Illinois rivers and streams is costing millions of dollars annually in lost revenue from inland fisheries that once supplied Midwestern cities, Robert C. O'Hair, state president of the Izaak Walton League of America declared in a statement made public here.

O'Hair said that 25,000,000 gallons of untreated sewage is being dumped every day into Illinois streams and border rivers including the Mississippi, Ohio and Wabash. Waters polluted by untreated domestic sewage and industrial wastes, he said, are "a menace to public health, to fish and wildlife and recreational facilities."

As a means of awakening Illinois families to the dangers of pollution, the League is sponsoring a statewide contest for school children for the best 200-word essay on "Why Illinois Streams Should be Rid of Industrial and Human Wastes".

The essay contest is open to public, parochial and private school children from seventh grade through high school, O'Hair pointed out. Prizes totaling \$300 will be awarded the winners. A special \$50 prize is being offered the boy or girl selecting the most suitable title for a "Merit Award" certificate the league will present to cities and industries keeping their waters free of pollution.

A jury of leading conservationists and educators will screen the essays, according to Richard Kuck, 12214 So. Lafayette Avenue, Chicago, chairman of the contest committee. Deadline for entries is November 30. All Illinois school officials, as well as Boy Scout troop leaders have been provided with full details of the contest, including from 7:00 to 7:15, the meet-
