So, You Want A Vacation?
Or
You Can't Beat Highland Park!
Well, its been right chilly, hasn't it?
And I'll wager you're kinda thinking about a vacation.
And some golf; some swimming; and some scenic driving
You'll be pleased at driving conditions during your approaching vacation time.
Roads are better than ever.
Gas stations are plentiful.
And attendants are once again courteous and eager to please you
Now, about the first thing you've got to do before you go on a vacation is to get clean clothes ready.
That's a job.
But Reliable Laundry and Alcyon Cleaners solved that problem for us, getting our shirts and suits ready just in time for a trip

A BIT ON PACKING
Packing suitcases is a real art. It's one this writer will never learn
I always put things I'm going to need in the wrong suitcase—the one that stays in the car when I'm in the hotel room
Oh, and here's a hint:
It seems most wash rooms at roadside gas stations have forgotten soap is still manufactured. There's never any available.
Recommend you take along an extra bar.
Your hands and face get dirty on an auto trip, as you know
ABOUT MONEY?
Money is always a problem when you're traveling.
That is, where and how to keep it.
My bank recommended Traveler's Checks. They're safest and most convenient. Ten dollar checks are best, I believe, and be sure to sign them in the presence of the cashier.
Traveler's checks are honored nearly everywhere. And when there's some question about cashing them, call the manager and he'll okay them
A NOTE ON SUNBURN
I suppose all of us, since early childhood, have been warned about the sun.
But here's one individual who forgets to heed the warning.
I'm already on my third round of peeling and more is ahead.
Moderation is fine at all times.
And if you're not moderate with Old Sol, you're liable to spend your vacation in bed!
Well that's enough for now.

type on tour—Ire Capades is making history in the popular realm of rink entertainment on this triumphal coast to coast trek. It has brought the first completely new change in ice show format.
With its glittering record of pioneering, Ice Capades now is presenting the most brilliant fantasy of all, "Snow White and the Seven Dwarfs" through special exclusive arrangement with Walt Disney, creator of this enchanting romance for the screen. In bringing "Snow White" to the ice, producer John H. Harris was not content to present a digest of the brilliant fantasy. For Ice Capades, he decided, the entire story must be told.
Consequently, the marvelous tale of the lovely young princess, her Prince Charming and her strange but steadfast friends, the Dwarfs, is unfolded in its entirety complete with dialogue and the original musical score which is so well known.
Ice Capades of 1949 would have a strong claim to greatness just with the presentation of "Snow White and the Seven Dwarfs" alone, yet this is only one of nine great production numbers. Others include Winter Wonderland, Fiesta, A Day at Atlantic City, Dresden Dolls, Grecian Nights and Merry Widow Waltz finale.
The cast of over 200 is one of the most brilliant in Ice Capades'

Manual Arts A Full and Satisfying Course in District 108

Mr. Walter Borg, manual training teacher in District 108, is much more than a pedagogical academician. He is also a guide, and co-worker with children. For over twenty years, during the summer months, he has kept alive his love for nature, youth and the out-of-doors by serving as a camp counselor. Attesting his teaching ability and his valuable guidance, many of his students, graduated and grown up, come back to see Mr. Borg.
Following is a very brief overview of his classroom work with pupils in the Lincoln and Ravinia schools.
Fifth grade:— Use of coping saws, files, sandpaper, back saws and paint brushes. Making of house and street signs, novelty pot and pan holders, duplicate key
