Young man to real estate agent: "Buy a house? What for? My wife and I were born in a hospital, educated in the schools. We did our courting in an auto. We were married in an airplane. We spend our mornings on the golf course, our afternoons at the beach. Evenings we eat out, go to the movies, then dance all night. When we die we'll be buried from the mortician's. Buy a house at today's prices? No."

And, if you are too fat beyond the Gas mains, may we suggest the use of Propane (Bottled or Tank or LP Gas)? More than 5 million homes use it in the United States.

"Pop" Go the Popovers

Watch eyes pop wide open at Sunday brunch as hot, crusty brown popovers move straight from oven to table.

Hot, buttered popovers are wonderful eating. Though not an American breakfast custom, they deserve to be.

These crisp shells are more than a delicious bread, for they make excellent containers for creamed foods. Cut the tops of the popovers almost off with a sharp knife, and fill the split cases with creamed turkey, chicken, scrambled eggs, creamed ham, or chipped beef.

Because popovers are a quick bread, you can get them into the oven in about fifteen minutes. Taking a few precautions will help make sure they "pop."

Precaution No. 1: beat the batter with a rotary egg beater until shiny smooth and no lumps show.
Precaution No. 2: heat either greased iron pans or glass custard or pottery cups sizzling hot. Take them from the oven and pour in the cold batter. This contrast in temperature helps popovers go high-hat. Set individual cups on a tray so they will be easy to take out of the oven. There are also wire racks that come with some kinds of custard cups. If your oven has sliding shelves, pour the cold batter into the hot cups as they sit on the oven shelf. This saves fingers and spills.

Precaution No. 3: bake popovers first at a high temperature to pop them, then at a low temperature to dry them out and finish to a golden brown.

As soon as you take popovers from the oven, make a small slit in the side of each to let steam escape. Serve at once with butter, jam, and coffee, and your family will take over from there.

POPOVERS

1 cup sifted enriched flour
1/2 teaspoon salt
2 eggs
1/4 to 1/2 cup milk
1 tablespoon melted shortening

Sift together flour and salt. Beat eggs and add milk. Add to flour mixture and beat to a smooth batter. Add shortening. Beat three minutes. Fill hot greased iron muffin cups or greased glass custard cups two-thirds full and bake in hot oven (450 degrees F.) about 25 minutes. Reduce heat to moderate (350 degrees F.) and bake 15 minutes longer. Serve at once. Makes eight large popovers.

isn't telling) in Nigher Walton, Lancashire. From these northern counties come England's finest voices, as their celebrated choral festivals testify. She grew up in nearby Blackburn, where her father was headmaster of St. Paul's, an elementary school for boys. Both of her parents were amateur musicians and took part in the choral activities of the community. The Blackburn high school had a good music department with choir singing and sight reading included in the curriculum, and in addition, Kathleen had piano lessons.

Miss Ferrier's operatic career began in 1945 when she sang the leading role in Benjamin Britten's new opera "The Rape of Lucretia." This opera was chosen to reopen the famous Glyndebourne Festival in its first post-war season, 1946, and it was as a result of her performances in that festival then and in 1947 that she became a protegee of Bruno Walter and was launched on her international career.

Cub Scouts And Mariners Enjoy Nautical Evening

Stanley McKee, principal of Lincoln school, and leader of Highland Park's Cub Scouts, presented a nautical evening to his Cubs last week, assisted by several members of the North Shore Yacht club, and a fully-rigged sailboat.

"Sailing made simple" was the subject of a talk by Gunter Schwandt, lecturer on aerodynamics at a Chicago aeronautical college, and vice commodore of the Yacht club. Boat nomenclature was explained by Andrew Kaiser, Yacht club commodore, and Avery Jones, club boat chairman, who demonstrated on the rigged boat, a 15 ft 10 inch Fleetwind Arrow. Sound movies were presented by Mr. McKee following the talks.

Present also, as guests of the Cubs, were Miss Joan Peters and her girl Mariners troop, and a number of Yacht club members.

tively constructed. Members of the fine arts classes are painting the pieces. This scenery is all authentic for our fine arts teacher, Miss Hanscom, has been in Japan and has taken pictures there. Over a thousand programs have been designed, printed, and hand colored in the art department. Tickets have been printed by Bill Britton, a seventh grade pupil. Eighth grade boys, who are checking all spot and stage lights, will have full charge of the lighting for the final performance.

Save the date and plan to enjoy the evening with the Elm Place School choruses.
