A Lecture On Christian Science

In a lecture given Tuesday evening by Dr. Walton Hubbard, C.S.B. of Los Angeles, California, in First Church of Christ Scientist, 387 Hazel avenue, the lecturer spoke substantially as follows:

There is nothing of so great importance to us as to know God and our relationship to Him, for this understanding frees us from the bondage of sickness and sin and brings us into what Paul calls "the glorious liberty of the children of God" (Rom. 8:21). It is my purpose to discuss with you the subject of the healing Christ as revealed in Christian Science, for it is the Christ-consciousness in us that brings out this freedom.

Mary Baker Eddy, the Discoverer and Founder of Christian Science, has defined the Christ, on page 583 of her textbook, "Science and Health with Key to the Scriptures," as "the divine manifestation of God, which comes to the flesh to destroy incarnate error." Through the prayerful study of Christian Science, with a sincere desire for spiritual growth, the Christ comes to us, develops in us, and constitutes our salvation.

The gratitude which Christian Scientists express toward Mrs. Eddy is often a source of surprise and sometimes of criticism to those who have not experienced the blessings which Christian Science confers on those who study and apply it. The student of Christian Science finds that in studying what Mrs. Eddy has written, there is continued spiritual unfoldment, so that the longer he studies the greater becomes his appreciation of her. As Truth is progressively revealed in his consciousness, it becomes habitual for him to look for corroboration or clarification of the unfoldment that comes to him, by turning to what she has said, either in her textbook or other writings, and he never fails to find it.

For myself, I can say that no amount of gratitude that I may express toward her can ever be sufficient payment for the spiritual blessings which she has conferred upon me.

The fact that thousands have been healed through the anointing that has come to them, in which they have realized in some degree that they are sons of God, is evidence that her contention is correct, and that the Church of Christ, Scientist, does indeed do what the Church Manual states was intended to do, "reinstating primitive Christianity and its lost element of healing" (p. 17).

Christian Scientists are a happy and joyous people because of the daily and hourly evidence of the presence and power of the healing Christ. This anointing is the light that is in us, which destroys the darkness of sickness and sin. It is the consciousness of sonship with God, which enables us to claim and to receive our divine inheritance of Love's goodness. We can increase our consciousness of the Christ only by the daily study of Christian Science, and by applying the unfoldment that comes to us to the problems of the day. In this way we shall grow in grace, "till," in the words of St. Paul (Eph. 4:13), "we all come in the unity of the faith, and of the knowledge of the Son of God, unto a perfect man, unto the measure of the stature of the fulness of Christ."

News Of The Girl Scout Troops

Lincoln School The Brownie Scouts of Troop 25 of the Lincoln School have had their first visit to the Girl Scout Lodge on May 9, and on May 17 will visit the Lodge again to be initiated into firebuilding and campcraft by the Girl Scouts of Troop 3.

Ravinia School On May 2 the Girl Scouts of Troop 20 of the Ravinia School planted a Norway spruce tree at the Girl Scout Lodge. They then visited Clavey's Ravinia Nursery where Mr. Trute explained and demonstrated the use of various garden tools for the girls working on the Landscaper badge.

Elm Place School The Girl Scouts of Troop 11 of the Elm Place School, who made aprons for Mother's Day as part of their work on the Sewing badge, are also working to finish their Second Class badge requirements. On May 10 they visited the Lodge where they finished their nature requirements by identifying wild flowers, birds, and trees. On May 17 they will finish the hostess requirements when they serve refreshments to the audience and cast of a play given by Troop 9.

The Girl Scouts of Troop 9 are giving the play "Clever Marya and the Czar", based on a Russian legend, to an audience of mothers and friends in the auditorium of the Elm Place School, May 17, after school. This will fulfill the work in literature and dramatics required for the Second Class badge.

The Girl Scouts of Troop 24 and their leaders took a bike hike to the Girl Scout Lodge, May 1. They took a lunch and observed birds and wild flowers.

Waukegan Whips Little Giant Baseball Squad By 19-3 Score

By William George

On Tuesday, May 3 the Little Giant baseball team went to Waukegan for a Suburban League contest and after the game was over they wished that they had stayed at home.

It was a scoring parade for the Bulldogs as they slammed out two home runs and a triple to win by the score of 19 to 3.

Waukegan scored 2 runs in the opening frame and 4 in each of the next two. In the fourth inning it looked as though the Highland Park pitchers had finally stemmed the tide as they held the Bulldogs scoreless, then, as if they had not done enough damage the Waukegan nine walloped the Little Giants for 9 runs in the fifth inning.

Thom Blasted Hard

It seems that Thom was the hardest hit by the Waukegan boys as he gave up 4 walks, and 7 hits while striking out 3 in the three innings he worked. Sheehan gave up 1 walk and 2 hits while fanning 1 in his two inning try. Flocchi hurled for three innings and did not walk anyone, gave up 3 hits and had no strike outs to his credit.

Heimerdingar was the leading hitter for the Little Giants with 2 hits in two official times at bat. O'Connor and Siegle each got a hit to make up the batting power, or lack of it, for the Little Giants.

O'Connor Hits Homer

The Highland Park runs came in the third inning as Heimerdingar and Sordyl walked and then scored on O'Connor's long home run to clear the bases.

Specialized Aquatic Training

Chicago area sports enthusiasts who would like to have specialized aquatic training are invited to enroll in an American National Red Cross aquatic school.

Red Cross aquatic schools in the midwestern area and their schedules are: Camp Heffernan, Towanda, Ill., June 8-18; Camp Owasippe, Whitehall, Mich., June 12-22; Camp Dodge, Ia., June 15-25; and Indian Mound Reservation, Oconomowoc, Wis., Aug. 17-27. There are two camps at Owasippe, one for small crafts instruction and one for aquatics.

The camps are open to any man or woman 19 or more of age. Training is given in Red Cross first aid, water safety, and accident prevention. Emphasis is placed on training in canoeing, sailing, outboard motor operations, and life saving. A registration fee covers board, lodging, and texts.

For 25 years, these Red Cross camps have been conducted at strategic points over the country to provide trained aquatic leaders for schools, camps, recreation and parks departments, youth organizations, and other groups.

To enroll, contact the Chicago Chapter Red Cross Safety Services, 529 S. Wabash ave., phone WAbash 2-7850, Ext. 132.

Little Giants Split With Morton In League Contests

By William George

Highland Park high school's baseball team split a double header last Saturday with the Morton Mustangs in a pair of Suburban league contests played on the Morton diamond.

The Little Giants won the first contest 4-2 with Flocchi allowing only five hits, striking out 6 and giving up 1 base on balls.

In the second game the Mustangs blanked the Little Giants by a 6-0 score and the visitors could garner only 2 hits off the offerings of the Morton hurler.

The leading hitters for the Highland Park team this year are O'Connor with an average of .450 and Sheehan with a lively .429.

Play Oak Park Saturday

Saturday the Little Giants will travel to Oak Park for another double header and the Little Giants hope to avenge the double loss suffered at the hands of the Huskies last year.
