All About Our Town

Have you been in our bank recently? Well, if you haven't, we recommend a visit there. You'll be delighted with the new and co-operative spirit that abounds there now. The friendly folks who care for most of the money owned by Highland Parkers are a pleasant group and it's really a joy to do business with them. Keep up your splendid spirit, you bankers, and you'll continue to have the good-will of all.

BRIGHT NEWS . . .

Interested in learning what our able Secretary of Commerce, Charles Sawyer, thinks of today's outlook on the future, I wrote him, and back came a prompt and courteous reply, personally written and signed by him.

Believing you Highland Parkers like to hear bright news backed up with fact, I thought I'd pass along some of Secretary Sawyer's positive thinking on our future . . .

Here are highlights of his message:

"New horizons of opportunity for American businessmen lie in industries which add to the zest of living for greater numbers of people . . .

"Inflationary pressures have lessened. Personal incomes are above those of a year ago. Competitive conditions have improved the quality and lowered the price of essential goods . . .

"Plant and equipment expenditures are expected to continue at a higher rate . . .

"Demand for goods is still large . . .

"The government is providing

cushions to a decline in consumer income . . .

"Young men of this country who are interested in a business career should be told that the opportunities are limitless—that good judgment and courage and industry still produce great results—that opportunity still beckons."

IMPORTANCE OF SERVICE . . .

Luckily Highland Parkers have merchants interested not only in their customer's welfare, but in their town's as well.

Not only are these merchants giving us the most value for our dollar, they're also giving us service, and that's what makes for delightful living and pleasant buying.

Regarding service stations that really give you service, we again recommend John Sheahan's Standard Service station.

It's a pleasure going into this immaculately kept station and watching John and his staff hover over your car, giving it the needed attention every car deserves.

Yep, Highland Parkers, the service our merchants give us should be most appreciated.

Girl Scout Outdoor Activities

Outdoor activities have always had a major place in the Girl Scout Program. Because of this appeal, every Troop Program contains something of fun in the out-of-doors no matter what season of the year.

The Girl Scouts of Highland Park—Deerfield—Highwood have been very active in many interesting activities at the Lodge. The girls from 8 through 17 have used the Lodge daily for Troop Meetings which have included Tree Plantings, Bird and Nature Walks, Cookouts and Parent Ceremonies. Most of the older Scouts, from twelve years old on, have had at least one overnight camping experience.

**DAY CAMP AT SAKAJAWEA**

For 12 days beginning July 6th, our fifty Girl Scouts attending Day Camp will have an opportunity to carry on All Day Camping.

Day Camping is exactly what the name implies—camping by the day. Girls from several troops meet together in small groups with special leaders to spend the day out-of-doors. The campers arrive at the camp site in the

morning and spend about six hours there, cooking a meal, hiking, wading in a brook, resting under the trees, getting acquainted with birds or insects, and making a camp home—all activities found in other types of camps, except that the campers do not sleep on the camp site, except when an occasional overnight stay is planned. The camp is conducted at our Sakajawea Lodge within easy transportation distance. Activities of the various groups within the camp are planned by the camper groups and the leaders.

Mrs. W. H. Pagenkopf, and her committee of Mesdames David R. Lasier, Harry L. Oppenheimer, Leonard Davidow, Walter J. Lange, Maurice J. Allsbrow and H. R. Winton, in conjunction with Miss Jean Ingle, Day Camp Director, have completed all necessary plans for Day Camp with the exception of the schedule to transport the girls from their respective schools to the Lodge in the morning. This schedule will be published in the June 30th issue of this publication.

Message To Parents From State Health Department

If Polio hits our area this season--

Avoid Crowds and new contacts in trains, buses, etc. if possible; avoid crowded places where you may be close to another's breath or cough.

Avoid overfatigue—Too active play, late hours, worry, irregular living conditions may invite a more serious form of disease.

Avoid swimming—in water which has not been declared SAFE by your health department.

Avoid chilling—Take off wet clothes and shoes at once. Keep dry shoes, sweaters, blankets and coats handy for sudden weather changes.

Keep Clean—Wash hands after going to toilet and before eating. Keep food covered and free from flies and other insects. Burn or bury garbage not tightly covered. Avoid using another's pencil, handkerchief, utensil or food touched by soiled hands.

Quick action may prevent crippling.

Call your doctor—at once if there are symptoms of headache, nausea, upset stomach, muscle soreness or stiffness, or unexplained fever.

Take his advice—if he orders hospital care; early diagnosis and prompt treatment are important and may prevent crippling.

Consult your chapter—of the National Foundation for Infantile Paralysis for help. Your chapter is prepared to pay that part of the cost of care and treatment you cannot meet—including transportation, after-care and such aids as wheel chairs, braces and other orthopedic equipment. This service is made possible by the March of Dimes.

Remember, facts fight fears—Half or more of those having the disease show no after effects; another fourth, recover with very slight crippling. A happy state of mind tends towards health and recovery. Don't let your anxiety or fear reach your children. Your
