TRY A PRESS WANT AD

Don't Settle for a Kettle...

...get an Electric Water Heater!

Sure, it's annoying! And it's old-fashioned... to waste time waiting for water to heat three times a day. With an automatic electric water heater there's always loads of hot water on tap. Dishes come clean in a jiffy... sparkle and shine after a hot rinse... and dry in a matter of seconds.

The comfort and convenience of abundant hot water is automatically yours when you have an electric water heater of proper size. Dishwashing, cleaning, and bathing are easier and more pleasant when you can count on having plenty of hot water all day, every day. And you'll find abundant hot water is important for the proper operation of your automatic washer and dishwasher.

The gleaming white heater can be installed in your kitchen or playroom as easily as in the basement.

The outside of an automatic electric water heater stays clean and cool because thick insulation completely seals in the heat like a thermos bottle.

See your plumber, electric appliance dealer or nearest Public Service store today!

WHILE YOU SLEEP...

an automatic electric water heater heats and stores water at a special low 1¢ rate! Because of this off-peak operation you'll find electric water heating costs very little... and you're sure of all the piping hot water you want when you want it.
