This season marks his 20th consecutive American tour. On tour he uses his famous 'cello made by Domenico Montagnana in the year 1739—one of the most valuable 'celli in the world.

Lake County Fair Has Real Country Flavor

Folks who like a good old-fashioned County Fair with plenty of country flavor, will find it in the Lake County Fair opening at Libertyville, Illinois, today, Thursday, August 4, and continuing through Sunday night, August 7. Here is a Fair that has lost none of that spirit that makes it a genuine country fair. Fair visitors will see some of the best animals in the country at the Lake County Fair. 4-H Club members and livestock breeders have been busily engaged in training and grooming their livestock for the past several weeks.

Although the livestock is a big feature of the fair, it is not the only attraction. There'll be thousands of exhibits of gorgeous flowers, row after row of fresh, crisp vegetables, and a tent filled with fine and domestic art exhibits. And for those whose interests lean toward the culinary, the shelf upon shelf of canned fruits, vegetables, meat, jams, jellies, pickles, rolls, cookies, pies and cakes should have a special appeal.

We think you'll agree that the Lake County Fair is an event you won't want to miss. It is Lake County's biggest event of the year. The dates are August 4, 5, 6, and 7.

Culver Military Band To Play in Wilmette Thursday, August 11

The Culver Summer Naval School's 90-piece band—largest in the school's history—will play a concert in the Wilmette Bowl Thursday, August 11th, at 8, the North Shore Culver Club announced this week.

The band from Culver Military Academy's summer school is becoming a familiar part of the Wilmette Bowl Concerts, for this will be its third annual appearance in the picturesque lakeside amphitheater north of the Bahai Temple.

The twilight program will include symphonic music, some new popular hits, and a musical description of "Culver on Parade." In addition there will be two soloists, George P. Bischof of Lake Forest will play his accordion with the band, and Lieutenant Arthur Becknell will play a piano solo.

The director of the band is Lieutenant Colonel Edward T. Payson, a Culver alumnus.

If next Thursday, August 11th, is predicted to be a stormy day, the band's trip will be cancelled; but if showers should become threatening during the afternoon, when the midshipmen are already en route, the band will play in the large auditorium of the Skokie School, Winnetka, which is near the west end of Elm Street, Winnetka's business thoroughfare.

Marchi's Nose Out Thayer's 1-0 To Keep AA League Lead

By Ray Geraci

Marchi's Class AA softball team won its eighth start of the season last week by defeating Thayer's 1-0. The win enabled Marchi's to maintain its one-game lead in the AA league.

Thayer's was shut-out on only one hit—a single in the first inning by Procter. Marchi's didn't use their ace pitcher, Harder, but started Keopler instead, and he proceeded to shut-out Thayer's—striking out 11 batters.

On Tuesday, August 9, Harrison will face Marchi's for the league, leadership.

Harrison Routs Bethany

Harrison Wholesale kept pace with the front-running Marchi team by shutting out Bethany, 3-0. Sam Rexford pitched one of his best games for Harrison as he allowed only four hits. Tom Murphy, Harrison's other pitcher, moved into center field for the contest and collected three hits including a home run.

The victory was the seventh of the season for Harrison against two losses.

Braves Stop Fell's

Bob's Braves won a 13 to 11 ball game from Fell's last week, but had a scare thrown into them before the final out was recorded. The Braves went into the final inning sporting a 13 to 5 lead, when Dan Corns lost his control allowing Fell's to score six times. Corns finally retired the side with the tying runs on base.

The win was the fourth of the season for the Braves who are now only one game under the .500 mark for the season. Fell's lost its fourth game as compared to five wins.

Olson's Whip Rex

Olson Printers moved into third place in the Class AA league by downing Rex, 13 to 4. Olson's scored eight runs in the first inning on three hits, four walks and an error. It was the fifth win of the year for the Printers against three losses. The defeat was the seventh for Rex who have won two games.

Mike Bonamarte limited Rex to two hits both good for two runs.

Tower Casino Ends Harrison Six Game Win Streak 18-15

By Hank Arenberg

Pitcher Bill Low's grand slam home run featured The Tower Casino's five run rally with two out in the seventh, as The Casino mauled Harrison Wholesale 18-15, in an exhibition game at Lincoln school, recently. The loss broke a six game win streak, and was the sixth defeat of the season, against thirteen wins for Harrison.

The Wholesalers jumped off to a quick start, when they scored eight runs in the first inning off Don Nash, all after two were out. Nash went to the showers at this point in favor of Low, a lanky reliever. Bill retired the first man to face him for the third out. Harrison got their total of fifteen with one more in the second and fifth, two in the sixth, and three in the seventh inning.

The Casino kept chopping away at the lead until the seventh inning, when they added the final touch after two were out. Three straight hits, and then Low's home run spelled disaster for Tom Murphy, the wholesaler's twirler. Low proved to be the hero of the day, both in hitting and pitching. He hit three home runs, and drove in eight other runs, accounting for over half his team's total.

Feelings ran high and hot on both sides throughout the game as there were many hotly disputed arguments with Umpire Ray Geraci, over various points in the rulebook. The payoff came in the sixth inning when Bob Fiore, Harrison left fielder came charging in to have a few words with Geraci. Just at that moment, Bill Low cracked his second home run with two men on to left field, almost exactly where Fiore had been standing a few moments before.

Fiore retraced his tracks in a hurry, but was a little late in retrieving the ball, for Low plus two other runs had crossed the plate.

(Ed. Note—Boys, boys, take a lesson from the Highwood Junior Legion baseball team and let the manager do the questioning of a player, they only lost one game all year because they were good sports and played their respective positions, not all trying to be the "big shot".

Highland Park Public Library Has Fine Music Department

The music department of the Highland Park Public Library has grown a great deal since its beginning eighteen years ago. In August, 1931, about sixty symphony scores were purchased to start a new department in the newly constructed building. Fifty chamber music scores were added to the collection in 1934, and since then the number of scores has grown to approximately one hundred-fifty.

In 1947, the library started its record collection, having as a nucleus the memorial to Edith S. Lautman. Subsequent gifts from Mr. James V. Clark, Mr. James Freudenthal, Mrs. Richard Kuhns, Mr. Leon Lewis, and Mrs. Silvan Robertson enlarged the record collection to such an extent that in July, 1948 a music room equipped with the Lautman Memorial automatic player was set up in the basement of the library. This year the Friends of the Library voted to further enlarge the record collection and a committee under the chairmanship of Mrs. Lawrence McClure began the purchase of \$400 worth of classical recordings for circulation. Among the records now available are symphonies, quartets, concertos, overtures, ballet music, operas, songs, and sonatas.

Now, during the summer months, selections are being played in the main reading room during the music hour from 12:30 to 1:30. Selections are usually chosen from the current Ravinia concert programs, and each day's schedule is posted so that the library patrons may place requests.

The Highland Park Public Library is now exhibiting a shell collection belonging to Mrs. Lawrence McClure, 333 Woodland Rd., supplemented by some shells of Mrs. Leroy Harza, 2299 Pierce Rd. The collection includes glass bubble fishing-net floats, shell books and prints, old English china hand-decorated in shell patterns, and silver spoons fashioned in shell design. Although all of the shell books are old and valuable, one of them dates back to 1789 and is of unusual interest and beauty. The exhibit has been arranged by Mrs. McClure and Mrs. Charles Henkle.
