Random Notes And

Bits From Here And There

This column will be about a lot of things . . . You see, folks, I always carry a notebook with me. Whenever I see something or hear something that I think will interest you, I jot it down under "Column Notes".

Well, here's a group of those column notes . . . That positive and overwhelming vote you Highland Parkers gave our High school and its administrators last Saturday surely was encouraging. Now our school can keep up front with the leaders, thanks to you!

At the moment fearless Bob Taft, the gentleman who appears to put America's No. 1 interests first, looks like fine presidential material.

You've got to admire a man who has real tenacity of purpose—and that's Bob Taft! . . .

Highland Park's recent second annual home show was an interesting and crowded event. Credit Herman Anspach, Ernest Belmont, Nafe Larson and Martin Hart for its success. We covered the opening and it surely was packed that night . . .

You don't hear much about "Ike" Eisenhower nowadays. But those fellows who pull the strings backstage surely are grooming "Ike" for '52 . . .

By the way, I don't know who directs public relations for the Pump Room. But, whoever does, surely has a direct pipeline into the typewriters of Chicago columnists. Hardly a day goes by when this eatery isn't mentioned—always most favorably, too . . .

ALL ABOUT THE TOWN . . .

Don't know about you folks out front, but I think the Daily News surely is an interesting newspaper. I like John S. Knight's "The Publisher's Notebook"; I like the features, the editorial, the columnists.

Syd Harris, by the way, is vacationing in California. Hope when he gets back he'll get on the local beam again. His articles from overseas lacked his usual punch . . .

If you've had the same type of splendid treatment always given this writer at our excellent library, I'm certain you'd agree the friendly folks on the staff are most pleasant and helpful . . .

Fast, reckless driving is still present on our local speedway, Green Bay Road . . .

THINK AND GROW RICH . . .

I've been reading an inspiring book lately. It's called "Think and Grow Rich". It's packed with interesting stories about the great and how they got that way by hard work, creative thinking and positive planning . . .

Incidentally, it's no longer true that laborers work long hours. It's the bosses that put in the 16 hour days now.

I know a North Shore builder, for example, who works his men 40 hours a week. But he himself puts in 100 hours a week. "I've got to make a living!" he told me last week . . .

You can't beat the fine printing done by the Olson Printing Co. Here's a company that takes personal pride in turning out excellent work. And their work is tops, too. Try them and see. Their job printing work shows real skill . . .

Tasted the delicious hamburgers and hot fudge sundaes at Dick Tracy's recently? They're really excellent and we strongly recommend them. After a pleasant evening at the Alcyon, why not stop by Dick Tracy's for a late evening snack? . . .

FINE WORK, ERNIE! . . .

for the opening day, October 18. That day, at the regular 2 P.M. meeting and repeated in the evening, a very fine "membership-participant" pageant will be presented, depicting the development and progress of the Club during the terms of the twenty-three presidents. This production is to be an outstanding piece of artistry on which Mrs. Claburn Jones and Mrs. B. F. Reinking have been working tirelessly all summer, with the assistance of a professional dramatic coach.

Variety of Programs Planned

The Program Committee, whose chairman is Mrs. Garfield W. Day, has chosen a wide variety of programs for the coming meetings, with the aim of interesting all of the members. A few are as follows: Science Remaking Our World is the subject of Dr. James S. Thomas' lecture; a colored motion picture lecture by Commander Irving Johnson; the performance of the celebrated dancer, Mariam Marmein; a social service talk by Mrs. Bertha S. Vester who has spent sixty-five years in Jerusalem; and, Redecorate Yourself is the subject of Celeste Carlyle's challenge to women. In fact, all of the committee's choices of speakers, entertainers and subjects promise a year of fascinating club programs.

Fine Arts Department

The Fine Arts Department, headed by Mrs. B. F. Reinking, has planned many programs of interest for the year. The Collectors' Study Group, Mrs. Mason Smith, chairman, is arranging for six lectures on collecting, of the high type demanded by this group.

The following chairmen: Music, Mrs. Lester Laubenstein, Literature, Mrs. Gordon B. Holland, and Drama, Mrs. Mark Brown, are all planning special programs. The Art Committee, with Mrs. James Reilly as chairman, will arrange for special exhibits in the club house throughout the year.

Mrs. A. G. Humphrey, chairman of the Home and Education Department, has announced that, besides the annual Kensington Tea, her committee is making plans for a course of lessons in hooked-rug making.

Highland Fling

A new venture, four subscription dances, is being launched by the Activities Committee with Mrs. Charles Simpler as chairman, and is to be known as "The Highland Fling". The first one will be in the club house on November 12 and will be called "The Golden Anniversary Ball".

Other Projects

The Finance Committee, Mrs. Earle K. Spangler, chairman, will conduct fall and spring rummage sales as well as a card party; and are planning other projects to raise money for the club.

Luncheon will be served at noon and at the regular afternoon club meeting members and guests will be hilariously entertained by a surprise radio program. Before, after and between these special events there will be a chance to do one's Christmas shopping early. Numerous club members have been busy all summer making hand-made articles to be sold in the Golden Booths. The proceeds from this fund-raising event will be divided among the Philanthropy Committee's projects, such as: Park Ridge School for Girls, Blind Baby Scholarships, Indian Welfare, and Veterans' Administration hospitals at Downey and Danville.
