Little Giants Open Grid Campaign Against Oak Park Saturday

By Mike Gilroy and Jim Varney

Highland Park high school's Little Giants will open their 1949 football season Saturday, Sept. 24 against the Oak Park Huskies in a Suburban Conference game to be played on the local field.

Coach Dave Floyd has a large job on his hands in order to field a formidable team to represent the local high school this year as he lost all but five men who saw action in last year's league scramble. Those assisting Mr. Floyd are Mr. Panther and Mr. Hamill.

Those returning are: George Glader at a guard slot; Wayne Wagner and Ray Santi at the tackle positions; Rollie Zagnoli at center and Don Coleman in the backfield.

Probable Starting Lineup

Besides the above named the starting lineup will probably include Joe Larusso and Rex Morgan at the ends; Bob Phillips at the other guard slot with Jim Bench, Paul Jones and Don Piper rounding out the backfield.

List of Squad

The complete roster of the 1949 squad is as follows:

Ends—Joe Larusso, Rex Morgan, Dave Swartz, John Anderson, Dick Baldwin, Art Buller, Philip Dorough, Edgar Jett and Alan Kidd.

Tackles—George Enjian, Jim Faulkner, Jim Humphrey, John Masinelli, Jack Riggio, Ron Shepherd, Ray Santi, Wayne Wagner and Bill Wertheimer.

Guards—Mike Azzone, J. A. Ondon, Ron Danielson, George Glader, Sam McMaster, Bob Phillips, Dick Stallman and Ed Walker.

Centers—Jules Levy, Carl Sudbrink, Fred Schweiger and Rollie Zagnoli.

Backs—Don Booth, Jim Bench, Bruce Bulmer, John Eubanks, Joe Greco, L. Grimmerman, Paul Jones, Ed Moore, Don Piper, Don Coleman, Skip Schwartz, Henry Swanson and Henry Tuttle.

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF HIGHLAND PARK, LAKE COUNTY, ILLINOIS:

SECTION 1. That certain sections of the Building Code, being Sections of Articles 1 to 35, inclusive, of Chapter 17 of the Highland Park City Code and they are hereby amended, deleted or enacted as follows:

a. That paragraph 474, Subsection (a), being a subsection of Section 6, Article 11, Chapter 17 of the Highland Park City Code, as amended, be and it is hereby further amended as follows:

1. That Roman numeral VI in the third line of said Section and subsection, as amended, is hereby amended to read "V".

b. That Subsection (b) of Paragraph 474, being Subsection (b) of Section 6, Article 11, Chapter 17 of the Highland Park City Code is hereby amended and as amended shall read as follows:

1. "(b). In every building hereafter erected or converted to the use of a Class III building as hereinafter classified, every habitable room shall have a window or windows with a total glass area equal to at least one-tenth of its floor area, opening onto a street, alley, yard or court. None of such required windows shall have a glass area of less than ten square feet and each such window shall have its top not less than six feet above the floor and shall be so constructed that it may be opened for at least one-half its area. In each dwelling unit there shall be at least one room containing not less than one hundred and twenty square feet of floor area, and every other room shall contain at least eighty square feet of floor area. However, in the case of a room having a window not less than eighteen feet in area opening upon a public street, the floor area need not be greater than seven feet. Each room shall be in every part not less than seven feet in width nor less than seven feet six inches in height, and each such window shall have its top not less than six feet above the floor and shall be so constructed that it may be opened for at least half its area. The opening shall be unobstructed and shall be equal in fire resistance to four inches of hollow clay tile unplastered. The ceiling shall be equal in fire resistive value to three coats of gypsum plaster on metal lath on wood ceiling joists. Doors connecting this room with other portions of the building shall be self-closing and equal in fire resistive value of a solid wood door 1-3/4" thick.

2. "(f) No building of Class III shall have a ground area of less than six hundred square feet exclusive of garage and porches."

d. That Paragraph 476, being Section 8 of Article 11, Chapter 17 of the Highland Park City Code, be and it is hereby amended by adding thereto the additional proviso as follows:

1. "... provided, however, that approval of mechanical ventilation capable of changing the air contents of the room once every three minutes may be accepted in lieu of the window above required."

e. That Paragraph 477, being Section 9, Article 11, Chapter 17 of the Highland Park City Code, be and the same is hereby amended as follows:

1. "Section 43. Class IV defined. In class IVd shall be included every theater (motion picture or otherwise) hereafter erected."

h. That Article 12, Chapter 17 of the Highland Park City Code be and the same is hereby further amended by adding thereto Section 44 as follows:

1. "Section 44. Requirements. The requirements for all buildings of Class IVd conform with those for 'Building of Class V Hereafter Erected' as set forth in the 'Building Ordinance of the City of Chicago Revised Code of 1922 as amended up to and including July 29, 1930.'"

i. That Subsection (a) of Paragraph 535 of the Highland Park City Code, being Subsection (a) of Section 15, Article 13, Chapter 17 of said Code, be and it is hereby amended and as so amended shall read as follows:

1. "535. Courts—Inner—Outer—Lot Line. 15. (a) 'Inner courts' of new apartment houses, as defined in Section 27, Article 13, Chapter 17 thereof, be and it is hereby amended and as amended shall be as follows:

1. "547. Every court not otherwise accessible at its bottom shall be made accessible by a door or other means to enable it to be cleaned."

1. That Paragraph 538 of the Highland Park City Code, being Section 18, Article 13, Chapter 17, thereof, be and it is hereby repealed, and it is hereby further amended as follows:

1. "(b) In every dwelling unit there shall be at least one room containing not less than one hundred and twenty square feet of floor area, except kitchens which shall contain at least sixty square feet of floor area. Each room shall be in every part not less than seven feet in its least dimension, except kitchens which shall be not less than six feet six inches high from the finished floor to the finished ceiling, provided, however, an attic room need be seven feet six inches high in but one-half of its area, provided there are not less than six hundred seventy-five cubic feet of space therein."

n. That Sub-Paragraph (a) of Paragraph 541 of the Highland Park City Code, being Subsection (a) of Section 21, Article 13, Chapter 17 thereof, be and it is hereby amended and as amended shall read as follows:

1. "(a) In every new apartment house every habitable room shall have a window or windows with a total glass area equal to at least one-tenth of its floor area, opening onto a street, alley, yard or court. None of such required windows shall have a glass area of less than ten square feet, and each such window shall have its top not less than six feet above the floor and shall be so constructed that it may be opened for at least half its area."

o. That sub-paragraph (b) of Paragraph 541 of the Highland Park City Code, being Subsection (b) of Section 21, Article 13, Chapter 17 thereof, shall be and the same is hereby amended by adding to Subsection (b) the following:

1. "... or shall have approved mechanical ventilation of sufficient capacity to change the air contents of the room at least once every three minutes."

and by adding thereto Sections (d) and (e), which shall be hereafter so cited, as follows:

1. "(d) For the determination of ventilation and lighting requirements, the floor area of an alcove shall be considered as part of the area of the room to which it is connected up to thirty per cent of such room, but it shall not be considered as part of the minimum area required by Section 339. Any alcove containing a floor area greater than thirty per cent of the floor area of the room to which it is connected shall be unobstructed and shall be equal in fire resistance to four inches of hollow clay tile unplastered. The ceiling shall be equal in fire resistive value to three coats of gypsum plaster on metal lath on wood ceiling joists. Doors connecting this room with other portions of the building shall be self-closing and equal in fire resistive value of a solid wood door 1-3/4" thick."

2. "(e) Rooms or spaces in which heating units or devices are contained shall have a floor area of not less than forty (40) square feet and natural ventilation by means of windows, or an incombustible duct having direct connection with the out-of-door air, the cross-sectional area of the duct on the vent opening of window shall be equal to at least 5% of the floor area of the room or space.

"The floor shall be incombustible material equal to fire resistive value of four inches of concrete. The enclosing walls shall be equal in fire resistance to four inches of hollow clay tile unplastered. The ceiling shall be equal in fire resistive value to three coats of gypsum plaster on metal lath on wood ceiling joists. Doors connecting this room with other portions of the building shall be self-closing and equal in fire resistive value of a solid wood door 1-3/4" thick."

p. That Paragraph 544 of the Highland Park City Code, being Section 24, Article 13, Chapter 17 thereof, be and the same is hereby repealed and as so revised shall be as follows:

1. "544. Entrance Halls—Solid Masonry—Exceptions—Ceilings. 24. In every new non-fireproof apartment house, except where there be only one apartment on each floor, the entrance hall shall be enclosed with masonry walls and with ceilings covered with incombustible material at least equal in fire resistive value to metal lath and plaster."

q. That Paragraph 545 of the Highland Park City Code, being Section 25, Article 13, Chapter 17 thereof, be and the same is hereby amended and as amended shall be as follows:

1. "545. Stair Halls—Construction. 25. In every new non-fireproof apartment house all stair halls shall be enclosed on all sides with walls of masonry of the dimensions required by Section 588 of this code. All windows in stair halls, except where same open into a street, alley, outer court, or yard, shall have metal frames, and sashes, glazed with wired glass. In every corridor type apartment house building of ordinary or heavy timber construction, every public corridor shall have walls, floors and ceilings of not less than two hour fire resistive construction. Every doorway from such corridor to a dwelling unit shall be equipped with a door not less fire resistive than solid wood slab door 1-3/4" thick."
