Remember when there was only one car in a garage instead of two families?

Then there was the story of the gnu . . .

Papa Gnu came home and Mama Gnu looked at him shyly, then said: "I've got Gnus for you."

Here is good news about Gas for house heating . . . While it appears that Natural Gas restrictions will prevail for two more years until another pipeline reaches us from Texas, it may interest you to know that until then we offer Combination Gas and Oil as well as L.P. Gas (tank gas). May we furnish more information to you?

The Sportslight

By Will Schlichting

We saw the Highland Park high school varsity and frosh-soph basketball teams take a double header from Northbrook last Friday evening.

The varsity won 50-31 and the frosh-soph by a 38-23 score.

The victories, however, were far from being impressive as the visiting school is much smaller than Highland Park and the margin of victory, especially in the frosh-soph game, should have been much greater than it was.

High spot of the evening was Coleman's 25 points on nine field goals and seven free throws.

This, however, could not have been accomplished except for the work of diminutive Bobby Freeman who kept feeding the ball to Coleman all evening.

It was a fine example of team work so let's hope the boys keep playing together the rest of the season.

The frosh-soph game started out slowly with the Blue and White in the lead 5 to 4 at the end of the first quarter. However, Northbrook took over in the second quarter to lead 10 to 8 at half time. In the second half the Highland Park lads looked better, but still need lots of hard work and learn more basketball "savvy." They scored 30 points to 13 for Northbrook to win by a 38-23 score.

Don Coleman, of course, led the varsity scoring while Dante Picchietti led the frosh-soph with four field goals and one free throw for nine points. Hall, Zagnoli and Baldwin turned in good games for the varsity as did Rogan, Freberg, Marchietti, Stanton and Frank Picchietti for the frosh-soph.

We understand that Jeff Cravath, head football coach at the University of Southern California, will be the speaker at the annual Tri-Ship Club—Dad's Club football banquet to be held tonight for the New Trier gridders. Toastmaster for the evening will be Don McNeill, radio star.

If determination and hard work mean anything our hats are off to Schurz who beat previously undefeated Austin for the Chicago Public school championship by a 31-6 score. You see, they dropped a 32 to 0 decision to New Trier earlier in the season and only work and more work could help a team improve as these boys apparently did.

We see where Morton scribes are moaning the lack of their own stadium and the fact that the basketball teams have to play on the stage floor. Well, Highland Park has the best football layout but, gosh, we guess the less said about the basketball floor, the better. You don't have to feel too bad at Morton, we have next to nothing at Highland Park. (P.S.)—See where Zion dedicated its new \$425,000 field house last week. Oh my! Oh me! Some kids get all the breaks. Some none.

We see that Bob Lenzini and Ed Mixan of Waukegan held up the Lake County end of things on the coaches All-Suburban football team while Don Coleman was given honorable mention along with Wheeler and McKillen of Waukegan.

Niles of Skokie will become an active member of the Suburban league athletic competition starting with the conference spring sports season.

A badminton tournament for grammar school and high school boys and girls will be held at the Highland Park Community Center December 5th through 10th. Participants may enter up to noon on Monday, December 5th. There is no entry fee and all Highland Park children are eligible. Registrations may be made by calling or stopping in at the Recreation Office in the Community Center, Phone H. P. 2442.

What was it worth to hear his voice?

IT HAD been weeks since Jim wrote you. You couldn't help worrying. And then suddenly, he was talking to you by telephone. "All's well," he assured you.

How much was that brief call worth to you? It's hard to put a price tag on it. Even the ordinary calls you make or get from day to day are often worth more than the few pennies they cost.
