#### On New Cars and Life

"I hope," comedian Bob Hope said the other day, "that someone in Detroit resolves to make an automobile that looks like an automobile."

"I'm fed up getting into a car backwards, stepping down 12 feet, and then peeking at life through a porthole," he said.

Old "ski-nose" has something there . . .

The new cars, although heavy with chrome and gadgets, aren't as comfortable as some of the old ones.

#### FORGET FUNDAMENTALS . . .

And, it seems to me, engineers, eager to get the new look have forgotten fundamentals of car design and goals set by pioneer auto builders.

Like doors that close easily . . . and stay closed. Like heaters that work at once . . . and blow out a blast of hot air after your engine has warmed up for a minute, or so.

And as for gas mileage . . . most of the new cars consume gas like the old Cadillacs.

As in most other things nowadays, haste has stepped ahead of care . . . and the important ideas, habits, customs, and ways of living of yesteryear are considered old fashioned, backward "reactionary" and therefore no good.

One day, perhaps, we'll realize how wrong we've been . . . and we'll once again start putting into life more than we expect to get.

#### Judge Minard Hulse To Address Meeting Of Family Service

The public is invited to the always interesting and informative annual meeting of the Highland Park Family Service, Monday, January 30th at 8:00 P. M. A short business meeting will include a brief report of the year's activities by Mrs. Marian G. Fisher, Executive Secretary, and election of officers, Board Members and Advisory Council members for the coming year, conducted by the President, Dr. Douglas Boyd.

The Speaker for the evening will be the well-known Judge Minard E. Hulse of the Lake County Court, which deals with all the problems of dependency and delinquency. From his vast

and varied experience in this field, and with his understanding of the tensions and frustrations of present day life, Judge Hulse will have much of interest to relate to his audience. More specific details of his Talk and of the place of meeting will be given in a later edition of this paper.

## DIAL TELEPHONE SERVICE BEGINS SATURDAY AT MIDNIGHT

Improved service for all subscribers in Highland Park and Highwood—all telephone numbers change

The start of dial service at midnight Saturday will bring the fastest, most modern kind of telephone service to more than 6,000 subscribers in Highland Park and Highwood.

You'll find the new service speedier and more accurate than your present service. And it's easy to use.

On local calls, all you need remember is to look up the number, wait for the dial tone, then dial the first two letters and proper numeral of the exchange name, plus the rest of the number. Like this: HI 2-8134 for HI ghland Park 2-8134. Remember, letters are black and numerals red on the dial.

#### New Telephone Numbers for All

With the start of dial service, everyone will have a new telephone number. Highland Park numbers will

have the prefix HI ghland Park 2, while Highwood numbers will take the prefix HI ghwood 2. You'll find the new numbers listed in your new directory. On Sunday morning, please discard your old directory and remove the temporary number card from your telephone.

#### Faster Out-of-Town Service

The box below explains the new, speedier way to call several nearby communities. And on many of your Long Distance calls, the operator will now be able to dial direct to distant telephones. In just a few seconds, she'll be able to ring telephones as far away as Miami or Sacramento.

#### HOW TO CALL NEARBY PLACES

Deerfield . . . . . Dial 311  
Glencoe . . . . . Dial 911  
Lake Forest and Lake Bluff . . . . . Dial 811  
Northbrook . . . . . Dial 511

Then, give call to operator

For instructions on calling other out-of-town telephones, see the front pages of your new directory.
