### Beware! And

#### Notes From Here and There

You may not know this, but one of the most dangerous items in your home is that new TV set of yours . . . .

Dangerous, that is, if the master tube explodes. Or if the master tube is carelessly handled. Or if the TV tube, now burned out, is casually tossed in the trash can.

Beware!  
Let this be a warning.

If anything goes wrong with your TV set, call an expert. Let him fix it.

And if that master tube fails to function, tell the expert about it at once. Let him get you a new one.

Never throw away a TV tube, give it to a skilled repairman; take it to your dealer. He knows how to handle these powerfully dangerous tubes . . . .

I overheard a man who knows warn a group the other evening that great damage can come if a TV tube is carelessly handled.

"If a TV tube was dropped with people around, those people might not live to tell about it. Most surely they'd be deeply cut and severely wounded," he said.

Remember, treat your TV set with care.

And when it fails to operate, call in an expert.

#### News Notes . . .

Next Monday the American Legion boys will break ground for their fine new building scheduled to be erected on the northeast corner of Sheridan and Park.

It'll be a \$123,000 plus building and it'll bring more beauty to Highland Park. It's due to be completed next Dec. 5.

Five years of fund raising went into this project. Alan J. Harrison is the post commander. Edwin L. Gilroy heads up the building committee.

Generous special gifts were given by Gen. Robert E. Wood, Sears' top man; Jerome P. Bowes; Harold M. Florsheim; Albert Pick; and Albert P. Snite . . . .

One of Highland Park's most likeable merchants is personable Cliff Moran . . . .

That bit of pavement out in front of Highland Park's busy post office needs attention—right now!

I agree with those who say Art Godfrey needs a soap sponsor . . . so he, Godfrey, can have his mouth washed out with soap! . . . .

Been uptown on a Saturday morning recently? You've never seen a busier town.

Will Highland Park be the Evanston of the North Shore in the years ahead? . . . .

Some mighty attractive new stores are opening—and have opened!—in Highland Park . . . .

Northwestern's Waa Mu Show, the best musical comedy that's put on each year in the entire Mid-West, opens May 1.

"Look Who's Talking" is the name.

Tickets are sold out . . . and have been for weeks. The musical show will satirize the entertainment world.

General director is Joe W. Miller, one of America's best—and N. U.'s mighty fortunate to have you, Joe! . . . .

#### Youth Activities At Congregation Israel

The spotlight focuses on youth activities at North Shore Congregation Israel on Sunday, April 23, when the Temple groups of the Chicago area which comprise the Chicago Federation of Temple Youth, will meet there for their Annual Spring Conclave.

The day-long program at the Temple will begin with a worship service at 11:30, and combine discussion and social activity, concluding at 6 o'clock with the Conclave banquet and informal dancing.

#### THE HIGHLAND PARK PRESS

Entered as second class matter March 1, 1911, at the Post Office at Highland Park, Illinois.

Subscription rates: \$1.50 per year; 5 cents per single copy. \$3.00 per year outside of Lake County, Illinois.

Issued Thursday of each week by the Highland Park Press, 516 Laurel avenue, Highland Park, Ill., Telephone: Highland Park 587.

Communications intended for publication must be written on one side of the paper only, and be signed with the name and address of the writer.  
Lester S. Olson, Publisher.

#### Parents Of Grammar, High School Students To "Get-Together"

Parents of 6th, 7th and 8th grade students of the ten grammar schools in Highland Park are invited to join High school parents in an Open House "get-together" at the High School on Thursday, May 4, at 7:30 p.m. The event, sponsored by the High School PTA, will feature student participation in sports. Cafeteria, pool and gym will be open, and parents will see their children demonstrate a typical day at the Highland Park High school.

"The idea has already met with enthusiastic response from grammar and high school parents," Mrs. Hugh Riddle, program chairman said.

Refreshments will be served in the English Club and Corps rooms. An account of the entire program for the evening will appear in a future edition of the PRESS.

#### Benefit Barn Dance

A Barn Dance, sponsored by the Highland Park American Legion Post will be held Saturday, April 22, at 8 p.m. in Witten Hall. Proceeds will be used for veteran hospital activities.

There will be suitable music and callers. The public is invited.

#### Infant Welfare Groups To Meet On Monday

The senior group of the Highland Park-Ravinia center of the Infant Welfare will meet Monday, April 24, at 11 a.m. with Mrs. John W. Newby, 168 Central avenue. Assisting hostesses will be Mrs. Louis C. Schultz, Mrs. Louis Robertson, Mrs. Oliver S. Turner and Mrs. Ralph L. Wetzel. The board will meet at 10:30, preceding the regular meeting.

The intermediate group will hold its monthly meeting on Monday, also, at the home of Mrs. Gordon Buchanan, Jr., 1724 S. Ridge road. Assisting Mrs. Buchanan will be Mrs. John B. Wilbor, Mrs. George Hadlock and Mrs. Charles D. Bates.

#### Women Voters To Dine With Governor Tomorrow

The board members of the League of Women Voters and their husbands will have cocktails with Governor Adlai Stevenson tomorrow night (Friday), an informal get-together before the dinner at which the Governor will speak. It is expected to be a gala occasion. Among the locally prominent women who will attend are Mrs. Marc Law, Mrs. Jay Glidden, Mrs. Walter Rubens, Mrs. Philip Ringer and Mrs. Maurice Pollak, the current President of the Illinois League of Women Voters.

Mrs. Ferdinand Kramer, with the assistance of Mrs. Robert Kortex has made all the arrangements for the dinner which will be held at the Moraine Hotel at 7 p.m.

#### Link Town Meeting With "Peace Week"

Winning peace is more than just a matter of pacifism. Believing that the world's crisis needs a united effort to build world law, over two dozen North Shore civic organizations will ask a town meeting at Northwestern's Technological Auditorium on Friday evening, April 28th to adopt resolutions calling for observance of a local "Peace Week" during May.

With Raymond Swing appearing as keynoter, peace advocates will offer four wide-sweeping propositions for legal bars to war. Moderator Jerry Voorhis, former California Congressman, will then preside over a lively public debate on the plans' merits.

"No holds will be barred, except holding the floor too long," one sponsoring organization notified its members this week.

The April 28th meeting follows the full-house success of a January debate at which an audience of over a thousand people heard and questioned Senator Paul Douglas on peace plans now before Congress. Among these: putting more teeth in the United Nations, are the American Friends ("Quakers") whose proposals cover a wide range of economic, military and political steps to peace; the scheme of federal union of the Atlantic Pact countries; and the movement for full-fledged world government. All are embodied in various resolutions now before the House and Senate.

Sponsor organizations of the April 28th town meeting include the League of Women Voters of Highland Park.

#### North Shore Citizens Sponsor Meeting On Human Relations

Representatives of four North Shore cities will answer the question, "What Are The North Shore Cities Doing In The Field Of Minority Group Relations?" at a public meeting in Evanston on Tuesday evening, April 25.

The meeting, sponsored by the North Shore Citizens' Committee, an organization devoted to promoting healthier Human Relations throughout the North Shore area, will be held at the Orrington School Auditorium, Orrington Avenue and Clinton Street, at 8:00 p.m.

The third public meeting in the Citizens' Committee's series has been set for Tuesday evening, May 23, at the Winnetka Community House. It will feature a panel discussion of the topic, "Responsibilities of Parent-Teacher Groups in Minority Group Relations" by representatives of four North Shore PTA organizations.

## Look how you save with Dynaflo

FIRST thing you notice, of course, is the bother and effort Dynaflo Drive\* saves.

Next, that Dynaflo saves you physically—after long trips you're less tense and tired, more relaxed.

But then, as the miles pile up—and this comes from cold, recorded fact after Dynaflo's two years of public operation—you spot savings you hadn't expected . . .

You save on tires—because power application is steady, even. On clutch expense—the usual friction clutch is gone.

You save on transmission maintenance, and the rear-axle expenses likely to go with it. And the way your engine is oil-cushioned against normal shocks and strains shows up in less engine upkeep.

\*Standard on ROADMASTER, optional at extra cost on SUPER and SPECIAL models.

#### FOUR-WAY FOREFRONT

This rugged front end (1) sets the style note, (2) saves on repair costs—vertically replaceable (3) avoids "locking horns," (4) makes parking and garaging easier.

You may well discover another pleasant surprise, too.

We are getting a steadily mounting number of well-satisfied letters about gasoline mileage with Dynaflo cars.

The SPECIAL has shown some records little short of phenomenal. The SUPER is delivering mileage that compares most favorably with gear-shift cars. And the ROADMASTER more than holds its own with cars of its size and bulk.

In short, there's a lot more to please your budget in the 1950 Dynaflo than its new lower price. Refinements over the past two years result in savings that are sizable over the life of the car.

Knowing that, don't you want us to demonstrate the big side of Dynaflo—the utter smoothness of America's first oil-does-it-all drive?

#### Only Buick has Dynaflo—

and with it goes HIGHER-COMPRESSION Fireball valve-in-head power in three engines. (New F-263 engine in SUPER models.)  
• NEW-PATTERN STYLING, with MULTI-GUARD fender, taper-through fenders, "double bubble" taillights • WIDE-ANGLE VISIBILITY, close-up road view both forward and back • TRAFFIC-HANDY SIZE, less over-all length for easier parking and garaging, short turning radius • EXTRA-WIDE SEATS cradled between the axles • SOFT BUICK RIDE, from all-coil springing, Safety-Ride rims, low-pressure tires, ride-steadying torque-tube • WIDE ARRAY OF MODELS with Body by Fisher.

#### Matchless Team - DYNAFLO and F-263

In the Buick beauty pictured here you can have both Dynaflo and Buick's very latest in power. For every 1950 SUPER has the F-263 engine, that lively high-compression stepper that's the big power thrill of the season. Dynaflo Drive is optional equipment of extra cost.
