NOTICE

AN ORDINANCE ESTABLISHING A UNIFORM SYSTEM OF STREET NUMBERING WITHIN THE CITY OF HIGHLAND PARK (REPEALING, AMENDING OR SUPPLEMENTING THE PROVISIONS OF SECTIONS 1 TO 5 INCLUSIVE OF ARTICLE II OF CHAPTER XLVIII OF THE HIGHLAND PARK CITY CODE.)

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF HIGHLAND PARK, LAKE COUNTY, ILLINOIS:

SECTION I. Objects. For the purposes of establishing a simplified and uniform system of street numbering in the City of Highland Park, facilitating the location of residences and obviating the confusion now obtaining in the City of Highland Park occasioned by lack of uniformity of numbering the various streets of the city, a new and permanent system of street numbering is hereby ordained and established.

SECTION II. Base Lines Located. (A) There is hereby established and delineated a South Base Line for the purposes of street numbering which shall be coincident with the central line of County Line Road, being the Southerly limits of the City of Highland Park, which said line shall extend from the Westerly city limits, as now or hereafter established, to the Easterly City limits, as now or hereafter established, the same being approximately the shores of Lake Michigan.

(B) There shall be and is hereby further established an Easterly Base Line which shall be a straight line, the Southerly limits of which shall be from a point in the center line of County Line Road projected, or the South Base Line hereinbefore established. This said point in the South Base Line shall be 3,200 feet East of the West Line of Section 31, Township 43 North, Range 13, East of the Third Principal Meridian. This Easterly Base Line shall extend Northwesterly in a straight line to a point in the South Line of the Fort Sheridan Reservation projected 3,000 feet East of the West Line of Section 14, Township 43 North, Range 12, East of the Third Principal Meridian. Such Easterly Base Line shall further extend north on the same course.

(C) Lines shall thereupon be extended parallel to said South Base Line from East to West at intervals of 600 feet, and lines parallel to said Easterly Base Line shall be drawn from the South limits of the City to the North limits of the City at intervals of 600 feet, measured at right angles in each case to the base line.

SECTION III. Numbering. (A) Beginning upon the date of the passage of this ordinance and prior to date of January 1, 1951, it shall be the duty of each owner or occupant of each improved parcel of land within the City of Highland Park to cause each parcel of land hereafter sought to be improved with either residential or commercial construction, or combination thereof, to deliver to the City Clerk of the City of Highland Park a legal or surveyor's description of such parcel of real estate, and the City Clerk shall thereupon assign to each such parcel a street number in accordance with the following formula:

(1) Said City Clerk shall assign street numbers beginning upon streets extending in a Northerly and Southerly direction, beginning at the South Base Line with number 1 and proceeding in sequence to the North city limits, and upon streets extending in an East and West direction beginning at the East Base Line hereinabove fixed and proceeding in sequence in a Westerly direction, assigning 100 numbers to each 600 foot interval established by the parallel lines and at the rate of one number to approximately every 132 feet, right angle measurement.

(2) Upon streets extending Northerly and Southerly the City Clerk shall assign odd numbers upon the East side of the street, and upon streets extending in an East and West direction shall assign odd numbers to the North side of such streets. Said City Clerk shall further adjust such numbering at the parallel lines so that the numbering will be consistent with the formula hereinabove provided and, so as to effect the designation and assignment of 100 numbers to each 600 foot interval. Wherever by reason of curvature of a street or where the direction of a street is not parallel or approximately parallel to base lines as herein established, the numbers shall be so distributed that they are consistent with the intent of this ordinance and shall check out at the grid boundaries.

(3) The City Clerk may in order to avoid confusion which would result from literal adherence to the formula herein set forth, upon order of the City Council, vary from such formula in assigning numbers falling within any one grid, but may not change the number assigned to any grid on the master plan now on file in the office of the City Clerk and made a part of this ordinance.

(4) In determining whether a street shall be numbered from the South Base Line or East Base Line the City Clerk shall determine whether the course of the street is mainly northerly and southerly in direction or easterly and westerly as to a majority of its length.

(B) Upon assigning any such number to any premises, the same shall be endorsed upon the city records in the Street Numbering Plat Book which the City Clerk of the City shall keep and maintain at all times. No number other than that so issued and appearing on the Plat Book shall be at any time issued or used, except where correction thereof shall be made by the City Clerk by reason of error in the original assignment.

SECTION IV. Display of Street Numbers. Beginning upon date of January 1, 1951, each owner or occupant of improved real estate shall provide, place and display such street number so assigned, in a manner that the same may be easily and distinctly read, at or near the front entrance of the improvement, not more than 25 feet from the front lot line, or, if such front entrance shall be distant from the front lot line more than 25 feet, then upon a tree, post or standard in a position near and adjacent to the walk, drive or approach to the building.

SECTION V. Penalty for Violation. Any person, firm or corporation, being either owner or occupant of any building now erected or that may be hereafter erected in the City of Highland Park, who shall neglect, refuse or fail to apply for and receive and thereafter to number any building owned or occupied by him, in conformity with this ordinance, and in the event of presently existing buildings or those constructed prior to January 1, 1951, within ten days after the effective date of this ordinance, being January 1, 1951, shall be subject to a penalty of not less than \$5.00 nor more than \$25.00.

SECTION VI. This ordinance shall be in full force and effect from and after its passage, approval, recording and publication, as provided by law.

pealed and superseded by the provisions hereof. Sections I to V, inclusive, herein shall be hereafter known and cited respectively as Sections I to V of Article II of Chapter XLVIII of the Highland Park City Code, as amended and shall be numbered respectively as paragraphs numbered 1436 to 1440, inclusive, of said City Code.

ROBT. F. PATTON Mayor

The place of security

There is a realm where hope is no longer precarious. It is the realm of un-wavering spiritual understanding. It is the realm of Truth.

How may we find it? Through knowing (understanding) the same truth which Jesus knew, and which he promised would "make us free."

The Christian Science text-book, "Science and Health with a Key to the Scriptures," by Mary Baker Eddy, plainly shows the way. To any sincere student this great book steadily unlocks the treasures of truth in the Bible and proves, by healing the sick, their practicality today.

It may be bought, borrowed or read at all Christian Science Reading Rooms. The coupon is also for your use.

CHRISTIAN SCIENCE READING ROOM 43 NO. SHERIDAN ROAD HIGHLAND PARK OPEN DAILY Visitors Welcome

Enclosed is \$3 for a copy of "Science and Health with Key to the Scriptures" by Mary Baker Eddy. Name Address

The recent arrival from China was trying desperately to catch a train and his patient Oriental nature was being put to a test because the porter couldn't locate his baggage. Wung Sung became very upset and finally, just as the train was about to depart and his bags were still unlocated, he hammered on the counter and exploded in these words:

"Pretty darn seldom where my bag go. She no fly. You no more fit to run station than Pete's sake. That's all, I hope!"

It's worth a lot to her peace of mind Whenever you have to go away—even for just a little while—you appreciate the value of your telephone to the one you leave behind. You know it's there to bring her peace of mind, protection in emergency and help when she needs it. And no matter where you go, you know it stands ready 24 hours a day to carry your voice to her and hers to you. Few things are so valuable and cost so little as your telephone. ILLINOIS BELL TELEPHONE COMPANY NO PRICE CAN MEASURE ITS USEFULNESS
