

Deep and Shallows

Teasing

Sister, our 17 pound cat, was sitting on the wall which separates the patio from the street. This wall is seven inches thick. Sister seemed to be dozing, when a small bird sat down on the wall facing her and began to sing. Although Sister's eyes opened, she didn't stir. She is quick as a cricket, and I expected her to pounce suddenly and put her paw on the silly little bird. But she was slyly pushing herself toward the little tease, which kept on singing, looking at the cat. Then, very suddenly the bird flew over the cat and landed a few feet behind her, on the same wall.

Sister was just as surprised as I was. She was too large to make a quick turn in that small space, but she could hear the bird sing, and began to turn slowly, to face the singer. She made a lunge, missed, and the bird flew to the top of the gate into the patio.

Now Sister couldn't reach the bird, because the gate was too wide. Crouching, with ears down and whiskers back against her face, every muscle in her body twitched with indignation. The bird sang joyously. What a picture! Oh, for a camera!

Sister always leaves some sign of her catch on the rug by the front door, but nothing has been found, this time. How much longer the little bird teased her, I don't know, as I was called away.

Regretfully, Hers.

Sometimes, a husband's wistful gaze

Denotes a rueful, buried Grief, and thoughts of care-free days.

No bondage, had he parried Her shrewd campaign with artful phrase.

Another would be harried — That perfect guy with charming ways,

The man she could have married.

Sixty-four Dollar Question

Why do I write of this and that, Or picture moods with word and rhyme?

Such efforts oftentimes seem flat, And surely take up too much time.

But loyal habit to my muse — Deserves, at least, deliberation; She often stoops to wordy ruse. 'Tis then I write in desperation.

—E. B.

We know what you mean . . . that there muse can be a dirty dawg!

Women's Club To Stage Freedom Rally

A Freedom Rally is to be held at the Highland Park Woman's Club Tuesday, October 24th at 8:15 o'clock. The program will feature a color film **Make Mine Freedom** and a lecture, **This Is Our Problem** by C. W. Vorreiter. The Freedom Rally is based on the Freedom Forum which was held for the first time on the campus of Harding College, Searcy, Ark. on February 28 through March 5, 1949. The Freedom Forum has four objectives, 1. To identify encroaching Socialism-Communism. 2. To point out the superiority of the American Way of Life. 3. To supply techniques and facts to defend the American Way of Life. 4. To inspire enthusiasm to fight to preserve the American Way of Life.

A committee of men and women from the organizations of Highland Park who are sponsoring the Rally have been working to organize the meeting to reach all of the people in Highland Park with the message it presents. Who Runs America?

the Congress?

the President?

OR YOU AND THE MAN NEXT DOOR?

RUNNING AMERICA is the joint job of 150,000,000 people. It's the biggest job in the world today —keeping it running for liberty and for freedom. And the whole world's watching to see whether Americans can do it!

IN MUCH OF THE WORLD today, the people have resigned from running their own countries. Others have been quick to step in—first with promises of "security"—and then with whips and guns—to run things their way. The evidence is on every front page in the world, every day.

FREEDOM COMES UNDER ATTACK. The reality of war has made every American think hard about the things he's willing to work and fight for—and freedom leads the list.

But that freedom has been attacked here recently—just as it has been attacked in other parts of the world. One of the most serious threats to individual freedom has been the threat of Government-dominated Compulsory Health Insurance, falsely presented as a new guarantee of health "security" for everybody.

THE PEOPLE WEIGH THE FACTS. In the American manner, the people studied the case for Socialized Medicine—and the case against it.

They found that Government domination of the people's medical affairs under Compulsory Health Insurance means lower standards of medical care, higher payroll taxes, loss of incentive, damage to research, penalties for the provident, rewards for the improvident.

They found that no country on earth can surpass America's leadership in medical care and progress. They found that able doctors, teachers, nurses and scientists—working in laboratories where Science, not Politics, is master—are blazing dramatic new trails to health for Americans—and for the world.

THE "GRASS ROOTS" SIGNALS CONGRESS. In every community in the Nation, people stood up to be counted on this important issue. Thousands of local women's clubs, civic groups, farm, business, religious, taxpayer, medical, educational and patriotic organ-

izations spoke out—giving the great United States Congress its unmistakable Grass Roots signal from home!

And ever watchful, ever sensitive to an alert people, The Congress saw that signal, and heard the people speak out, loud and plain. That's democracy in action. That's the American way!

Today among the 10,000 great organizations on militant public record against "Compulsory Health Insurance" are:

General Federation of
Women's Clubs
American Farm Bureau
Federation
National Grange
Veterans of Foreign Wars
National Conference of
Catholic Charities
American Protestant
Hospital Association

American Legion
National Association of
Small Business Men
United States Chamber of
Commerce
National Association of
Retail Grocers
National Retail Dry Goods
Association
American Bar Association

Doctors of this Nation are grateful that the people refused to be wooed by the fantastic promises of this un-American excursion into State Socialism. Doctors of America are dedicated to serve their fellow citizens at home and their comrades in uniform, wherever service to this Nation may take them. And the thing they stand ready to fight for—to sacrifice for—to die for—is not the alien way of life of Socialism, but the proudest security of a free and self-reliant people!

THE VOLUNTARY WAY IS THE AMERICAN WAY!

Throughout the Nation, free men and women, working and planning together, are finding the American answer to every question of medical service, care and cost. Hundreds of Voluntary Health Insurance Plans are in healthy competition—sponsored by doctors, insurance companies, hospitals, fraternal organizations—by industry, agriculture and labor. Today

in America—70 million people are protected by Voluntary Health Insurance! Throughout the Nation, families are insuring themselves against the major costs of illness—at reasonable, budget-basis prices. Voluntary Health Insurance takes the economic shock out of illness. Protect your family now. For information, ask your doctor—or your insurance man.

An American's greatest heritage is the right to learn the facts—and to speak his mind. Maintained with honor and used with sincerity—that right will guarantee forever that
