

A prayer for our Soldiers

BY MAJOR GENERAL ROY H. PARKER
Chief of Chaplains, United States Army

Almighty God, the Creator and Preserver of all mankind, we commend to Thy special care and keeping those serving in our Army. Though they be in the midst of dangers, do Thou send Thy guardian angels for their protection. Walk beside them as they go through the valley of the shadow of death.

Knowing that all good things come from Thee, grant them courage and loyalty, through a firm faith in freedom's cause, in the present conflict. When sacrifices are called for, let them be made in the knowledge that Thou art the rewarder of Thy servants. Enable them to live valiantly and serve nobly, in the full realization that no man liveth unto himself. Grant them clear minds, strong bodies, resolute wills, and pure hearts free from hatred and bitterness, renewing them each and every day with strength, like strong men of old, who against enthroned wrong stood with confidence and courage.

Awaken in them a lively faith that will keep them close to Thee. Enable them to rest their cause upon Thy Word that though the foe be strong, yet knowing the cause as they battle for the right, they can never fail. Fill their hearts with the assurance that with Thee nothing is impossible and that all things work together for good to them that love Thee.

If it be Thy will that injuries be sustained, let them experience the touch of Thy healing hand and do Thou bless the means and the ministries employed for the restoration of their health.

In these difficult times, when the forces of evil are running rampant and many hopes seem about to be crushed, fill their hearts with an abiding sense of Thy reality and the certainty of Thy continual presence. Enable them to look to Thee when loneliness and longing overtake them; fulfill their yearnings by granting them Thine own companionship and fellowship. Enable them to realize the full meaning of Thy promise, "Lo, I am with you always."

Thou who are the Protector and Helper as well as the Giver of victory, grant unto them every good gift of body and soul and unite us with them in faith and love unceasing. Amen.

Illinois counties as well as to the mayors of other governmental heads of more than 400 cities and towns throughout the state.

In issuing the information, Major Lohr pointed out that it is intended to serve as a general guide rather than a rigid directive.

Penalties punishable by fines and imprisonment are also to be established for the punishment of persons who willfully obstruct the proper functioning of civil defense.

In the suggested outline of operating procedures in the various localities an important section prescribes the emergency housing, feeding and clothing set-ups to be formulated by communities that, while not likely targets for attack, may be called upon to care for evacuees from more vulnerable spots.

Lohr emphasizes that county and community civil defense programs are not limited to atomic bomb attack. They also must be capable of coping with biological and chemical warfare.

To impress upon civil defense volunteers the importance of their personal responsibilities, thorough courses of indoctrination are to be undertaken. These will supplement actual training for specific duties.

"THE SPORTSLIGHT"

By Will Schlichting

It will be Highland Park, Niles of Skokie, Evanston, Waukegan, Warren of Gurnee, Lake Forest, New Trier and Zion Benton in the Regional basketball tournament to be held in the new Memorial Field House on the campus of Lake Forest college. The chase for the state crown will begin with the district meets on Feb. 20 and end up with the finals at Champaign March 14 to 17. As was the belief earlier this week the final pairings have not been made for the regional and it is not official if the Little Giants will tee off against Lake Forest or not. The pairings will not be available until the latter part of the month or early in February.

The varsity cagers ran into some trouble last Friday as they dropped an overtime game to the Waukegan quintet by a 52 to 49 score. The boys played good ball and came from behind in the last 38 seconds to tie the game up at 46-46 at the end of regulation time. However the Waukegan team got hot in the overtime to take the victory. . . . Bob George was the high point man for the game with 5 baskets and 8 free throws for 18 points (maybe the lad has found himself at last, we hope so) to lead the scoring for the game. Marchietti, Schramm, Hall, Picchetti, Dreschel, Freeman Rogan and Foss; also scored for the local team.

In the frosh-soph game the local small fry sported a 9-6 lead at the end of the first quarter but could not keep up the pace and went down to defeat by a 48 to 28 score, this being the Waukegan team's 31st victory in a row since it started playing as a group of freshman boys last year.

It will be Evanston who will try out the Little Giants this Friday night at the Evanston gym and will pit two good centers, George of Highland Park and Peebles of Evanston together in a battle that should prove very interesting.

We are sorry that we do not have the scores nor more detailed information on the swimming meet with Waukegan last Thursday but we do know that both frosh-soph and varsity teams won their meet. This was the first loss of the season for the Bulldog mermen. But then with boys who are willing to accompany a hard working coach to Chicago and not get home until 9:30 at night in order to practice diving, one does not wonder that the spirit of the swimmers is at a high ebb and that they are doing a good job for the school despite the lack of decent practice facilities.

Lions Digest reports, "Only 3,000 U. S. citizens are engaged in the manufacture of girdles. Seldom have so few done so much for so many."

The proverbial "Necessity is the Mother of Invention" philosophy has applied once again in the case of William R. Anderson, Orange, California. Because Mr. Anderson had to feed 13,000 hungry chickens daily, he invented a mobile feeding device he says helps him to do the job quickly and easily. It is a cart that runs on tracks between coops. The feed is manually scooped into a hopper which dispenses an equal amount of food to every chicken. The cart holds 400 pounds of feed and can unload 2,600 pounds per hour.

If you have a hungry family to feed, see a new "CP" Gas range with clock-controlled oven at your dealers or your Gas Company's store. . . . Pay as little as 1/4 down.
