The Pearl and the Price

Most people know the parable of the "pearl of great price," and the man who sold all that he had to buy it (Matt. 13:46).

Have you ever asked yourself what it meant?

The "price" is our surrender of the afflictive human thinking causing our troubles. How to give up these human fears, how to grasp and find freedom would indeed be "the pearl."

The way of this liberating understanding is explained fully in the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy. Whoever will put its statements to the test will find this great Science of Christianity to be demonstrable.

Science and Health may be read or obtained at all Christian Science Reading Rooms. The coupon is also for your use.
