Graduates: Good Luck And Peace!

"Please keep the column brief this week because of space limitations," our likeable editor, Rosamond B. Olson, said.

"Okay", we replied.

Here goes. . . .

Congratulations to all you fine young men and women who graduate from our high school this week.

Good luck to you!

And may your vitally needed help bring complete peace to our world in your lifetime.

Presbyterian Church Concludes School Program

The Church School program of the Highland Park Presbyterian Church will be concluded for the present church season at the regular eleven o'clock worship hour, Sunday morning, June 3, in an annual Church School Recognition Program. Except that Dr. William A. Young, minister, will moderate the program, and the Rev. Edward W. Greenfield, associate minister, will give the brief Children's Sermonette, the entire service will be conducted by children and leaders in the Church School.

Presentation of certificates of promotion into new departments will occupy an important part of the program. There will be no regular Church School classes, but the boys and girls of the entire school will assemble in the Parish House at 10:45 a.m. for the spectacular choir and children's procession with which the service will open at 11:00 a.m. Parents, relatives, friends, and all interested persons are invited to attend this significant occasion.

BELOIT COLLEGE HOLDS "MORTAR BOARD" RITES

Mrs. Avery Jones spent the past weekend at Beloit College to participate in the installation of the 84th Chapter of "Mortar Board", a national honorary society for Senior women chosen on the basis of scholarship, leadership and service. Beloit has had a similar society called "Senior Bench" for over 20 years, and it is this organization that is now to be Beloit's "Mortar Board".

Your Gas Wrecker Worker

The customer had picked out six apples at a grocery store. "That will be \$1.65 please," said the clerk. Our friend handed the clerk \$2.00 and started to walk out of the store. "You forgot your change, sir," called the clerk. "That's all right, you keep it," said the customer. "I stepped on a grape on the way in." — The Lion.

Sure, the story is slightly exaggerated, but the cost of food — and everything else is no joke. That's why it's so important to prepare food properly.

It almost goes without saying that waterless cooking, slow roasting and proper refrigeration are three of the most important ways to conserve food values.

It's also just as true that gas ranges and gas refrigerators are your best guards against food waste. See your dealer or one of our representatives and you'll see why thrifty cooks choose — and use — automatic gas appliances.

Here's how a

Night Cooling Fan

cools your home . . .

A night cooling fan draws in cool night air from outdoors and circulates it gently through all the rooms of your home. Heated air stored up during the day is pushed out . . . making your home cool and comfortable.

As cool outdoor air circulates through the rooms, it absorbs heat from walls and ceilings and evaporates skin moisture. You feel cooler immediately. A night cooling fan brings you comfortable evenings and good sleeping every night. Enjoy cool low-cost comfort in your home this summer . . . get a night cooling fan!

Use a night cooling window fan in your home for 5 days . . . absolutely free! Phone or write our nearest store . . . the fan will be delivered to your home without cost or obligation! Take advantage now of this chance to find out what real summer comfort is!

Night cooling window fans from \$49.95. Ask about them today at your dealer's or our nearest store.

CONVENIENT TERMS . . . on your monthly Service Bill.
