

### **Source Note for *Russland wie es wirklich ist!***

Collection: Alexander Wienerberger: Beyond the Innitzer Album

*Russland wie es wirklich ist!* Wien: Vaterländische Front, 1934.

Alexander Wienerberger provided both the text and the 18 photographs that illustrate this 16 page pamphlet; no authorship, however, was attributed for political reasons. A very valuable primary resource, it was one of the earliest known illustrated, detailed exposes of the famine in the context of Stalin's brutal regime, and its publication was harshly denounced by the Soviet government.

For further details, see: "Alexander Wienerberger: a Biographical Exhibit," accessible from the [Directory's Home Page](#).
