Drowning in Limerick

Bancroft O.P.P. On Friday, July 14, officers were called to a cottage on Limerick Lake in response to a drowning.

Ruth COOK, 73, of Belleville, owned a cottage on Lim-

erick Lake, Limerick Township.

Cook, a diabetic, went for a swim outside her cottage and accidentally drowned.

Cook was found by her son-in-law at approximately 10:00 p.m.

"The guy sure looks like plant food to me." The Little Shop of Horrors, from which this quotation is taken, has closed.

But this first offering for the summer of 1995 of

Bancroft's own Theatrics will long be remembered. It played to full houses two nights, and to admiring audiences every night.

Bravo! for a job well done!
