

Monday August 27th

Sweltering hot muggy day!

Started taking shingles off north side of roof. Mitch and Nadine to Mac Tier for more shingles. Shingles received but bought on good faith that we'll make enough ~~for~~ on square dance to cover the cost of them.

More barn boards needed to finish off the inside of the porch. Work done on inside of porch.

Started putting windows in the main building.

Very tedious slow job. Only one in today.

More posters and tickets made. Ellie + Kosi put up posters around.

Sent application form away for liquor license special delivery.

We wonder whether or not we'll get it.
