

NOTICES OF MOTION.

Mr. Carnegie—Bill to amend the Public School act.

Mr. Hardy—Bill to confirm an agreement relating to Osgoode street, Toronto.

Mr. Haycock is giving notice of a bill to remove the disabilities and penalties imposed by the courts on Mr. Geo. Tucker, who was unseated lately in West Wellington.

NOTES.

The hotelkeepers of the city have awakened to the fact that the passing of the act permitting municipal elections to be held on New Year's Day will deprive them of a profitable day's trade, and are by no means pleased. Mr. James Haverson, counsel for their association, has been around the building to-day interviewing various members, and an effort may possibly be made to defeat the proposition when it comes up for its third reading.

The Public Accounts Committee met this morning, when Warden Lavell of Kingston Penitentiary continued his testimony, being questioned by Mr. Marter. Hon. Mr. Harcourt called two witnesses in rebuttal, Messrs. R. T. McCullough and Sam Harkmenn, both residents of Kingston, who had seen the meat supplied the penitentiary. They declared it to be of an inferior quality, and worth about \$2 a hundred-weight less than that used in the Kingston Asylum. The committee will sit again to-morrow morning.
