

FOR BEET SUGAR.

Minister of Agriculture Gives
Notice of Resolution.

FARMERS' INSURANCE.

**Complaint That Female Operatives
in Factories Are Overworked —
Franchise For Canadian Soldiers
—Succession Duties Act.**

Yesterday's sitting of the House was short and devoid of interest. A number of motions for correspondence were passed, and certain bills standing for second reading were dealt with.

There is likely to be a torrent of eloquence on Tuesday, when the budget debate will be wound up. The division may not take place, however, until 1 or 2 o'clock on Wednesday morning.

Next week the various committees will get to work and move actively. The Municipal Committee may organize about Wednesday or Thursday, with Hon. E. J. Davis, as Mr. Hardy's successor, in the chair.

Technical Education.

It is said the Government have decided upon the policy of giving aid to those cities which are interesting themselves in technical education. The grant in each case will not exceed \$1,500. The supplementary estimates may contain a grant to this amount for Kingston and Brantford.

Beet Sugar Industry.

Mr. Dryden gives notice of the following resolution:—"That, with a view to encourage the establishment in the Province of Ontario of the beet sugar industry, there be granted out of the consolidated revenue funds the sum of _____ for the purpose of, first, providing samples of seed for the production of beets suitable for such industry; second, affording suitable instruction to farmers, where it is proposed to locate such industry, as to the best methods of preparing and cultivating the soil in order to produce the highest quality of beets, and, third, analyzing
