

# Premier Treats as Joke

## Hint of Resignation

Before the orders of the day were called in the Legislature yesterday, J. C. Tolmie, Liberal member for Windsor, asked Premier Drury to make a statement concerning an article appearing in The Farmers' Sun demanding the resignation of the U.F.O. members for Lambton, J. M. Webster (West), and L. W. Oke (East). Mr. Tolmie thought the statement, appearing as it did in the U.F.O. official organ, really constituted a demand upon the Government to resign.

The Premier, replying in humorous vein, said: "We often feel that we would like to resign, but since we are here we cannot do so very well at the immediate moment. I do not feel at the present time that we would be justified in doing so."
