Details of \$500 "Bribe" Demanded by Opposition

Attorney-General Nickle's admission in the Legislature yesterday that \$500 had been "given" to one officer in the employ of his department will be made the target, it is said, of pointed Opposition interrogation.

The Opposition, it is understood, is anxious to learn the identity of the officer who was "given" the money; the identity of the man who gave it; and the nature of the action, if any, taken by the department in regard to the matter.
