

assortment of press reports prepared in a time when electronic communications were in their infancy, and when newspaper reporters could take a good deal of liberty in compiling their accounts, particularly if they were not actually present at the site of the happening.

We wish to express our sincere thanks to Mr. Gonyou for allowing us to use his material and the photo in this follow-up to our feature, and to our committee member, John Leonard, for making the necessary arrangements.

LAY-UP LISTINGS

In the February issue, we presented the lay-up listings which we had available for most of the ports of the Great Lakes and the St. Lawrence River. Considering the amount of material to be gathered, checked and put into some sort of logical (?) order, it is not surprising that a few vessels were missed. Contribution to this situation was the fact that some ships did not lay up until very late in the season (or perhaps we should say early in the New Year).

To keep the record straight, we present herewith the corrections and additions to the original list, and we hope that our readers will find them to be useful. For their assistance with the additional detail, or for reports received after we went to press in February, we extend our sincere thanks to Jim Hoffman, Cy Hudson, George Lee, Dan McCormick, Terry Sechen and Ken Voss.

St. Joseph de la Rive: Add J. A. Z. DESGAGNES and JACQUES DESGAGNES.

Quebec: We do not have a full listing, but should note MATHILDA DESGAGNES as wintering there.

Sorel: Add NANCY ORR GAUCHER.

Snell Lock (Seaway): 8TH SEA, LEWIS CASTLE, MASCOUTAH (ex. USN/YTB 772), MENASHA (ex. USN/YTB 773), ROBINSON BAY (all at SLSDC marine base).

Toronto: To supplementary list of vessels, add GLENMONT (tug).

Cleveland: Add AMERICAN REPUBLIC.

Catawba Peninsula (west of Marblehead): W. C. HARMS (tug), STEVEN H. (formerly MASSEY D.).

Toledo: Add GEMINI.

Monroe: LUDINGTON (tug), VENTURE (tug), J. WILKINSON (dredge), WOLVERINE (tug).

South Chicago: Add BUCKEYE, J. B. FORD, OLIVE L. MOORE (tug).

Milwaukee: Add JUPITER (operating intermittently). For CASON J. CALLAWAY in previous listing, read PHILIP R. CLARKE. The CALLAWAY was correctly listed as wintering at Superior.

Menominee: Delete BUCKEYE, OLIVE L. MOORE (tug).

And if we did not receive a lay-up list from YOU, we hope that we will hear from you when we go through this exercise again next winter...

CANADIAN FLEETS ALONG THE SEAWAY

That is the title of a book recently produced by T.M.H.S. members Skip Gillham and Alfred Sagon-King. A 116-page softcover in 11" x 8½" format, and profusely illustrated, the volume contains brief historical sketches of sixty Canadian lake and seaway fleets, both past and present. Extremely well printed, the book features very attractive colour photographic covers. The price of the book is \$18.95, including postage, and it may be ordered from Stonehouse Publications, 4 Queen Street, St. Catharines, Ontario L2R 5G3. Or phone (416) 684-7251 for information.
