## THE EDITOR'S NOTEBOOK

The many members who attended the December Meeting were treated to an evening of hilarity combined with historical import, as executive committee member Lorne Joyce brought forth more treasures from his extensive collection of photographs, marine "objets" and amusing anecdotes. His programme touched on almost every interesting aspect of the history of shipping and commercial fishing on Lake Ontario, and was very well received by the membership. We extend sincere thanks to Lorne for his efforts in preparing and presenting this most enjoyable programme.

As we enter the New Year, we extend best wishes to all of our members, and our most sincere thanks to all of those who were regular correspondents, providing us with marine news and historical items for use in the preparation of "Scanner". Without your help, we could not put together the kind of newsletter that **you** want, and we hope that we may rely on your assistance again during 1992.

It now is time to think about preparing lay-up listings for presentation in the February issue. Please see details on Page Fourteen of this issue, and get get ready to send us your winter lay-up reports.
