We should note that the listings for the ports of Montreal and Sorel are subject to change during the winter months, as some of the vessels laid up there may go back into service part-way through the winter, while other ships may come in to lay up for a while.

Readers who note omissions or errors in these listings are invited to send us their information, which will appear in the March issue. Of particular interest to us would be a listing for Toledo which, strangely enough, no member had provided up to the time we went to press with this issue.

We should like to extend our most sincere thanks to the following members of the Toronto Marine Historical Society who assisted with the collection of data for this report: Jim Bartke, Neil Bauman, Terry Beahen, Rene Beauchamp, John Bedard, William Breaker, David Bull, Roger Chapman, Don Dube, Glen Gardiner, Gerald Hutton, Wes Harkins, Viktor Kaczkowski, Andy LaBorde, George Lee, Greg Leigh, John Leonard, Buck Longhurst, Bob MacDonald, Alan Mann, Dan McCormick, John Michael, Gerry Ouder Kirk, Jean Ouellet, John Philbin, Bernice Ross, Greg Rudnick, Doug Schilz, Albert Short, Jim Sprunt, Gordon Turner, Fred Wagar, Marshall Webster, George Williams and Bob Woodcock.

OFFERINGS FROM FRESHWATER PRESS

As our readers will know, we try to mention in these pages any books or other items which are written or published by T.M.H.S. members. John O. Greenwood has two new publications in which our members might be interested.

One is the Lakeboats 1992 calendar, which features some very impressive photos of lake ships, including the best view we have yet seen of the JUPITER afire at Bay City. The second is Namesakes of the '90's, the 11th book in the "Namesakes" series which will be familiar to all of our readers. The new volume is, in its author's own words, "a photographic collegium of current Great Lakes vessels", updating previous volumes to present times.

The calendar may be obtained for \$10.95 U.S. Funds, plus \$2.48 for shipping. The book is \$23.00 U.S. plus \$3.00 shipping. Interested parties should address Freshwater Press Inc., 1700 East 13th Street, Suite 3-R, Cleveland, Ohio 44114-3213, U. S. A.

Readers should watch the March issue for a follow-up to Ship of the Month No. 193, our December feature on the tankers WINDSOLITE, SIMCOLITE and ACADIALITE. Once again, one of our features has stimulated an interesting response from the members, and we have quite a bit of additional information to share with the readers.
