

This photo of the launch of GLENEAGLES at Midland was taken by J.W. Bald on August 26th, 1925.

Another Bald photo, taken in early autumn, 1925, shows GLENEAGLES fitting out at the Midland shipyard before entering service.

The handsome lines of GLENEAGLES are shown to advantage in this photo taken in Lake Munuscong by J.H. Bascom on June 22, 1958.
