

As well, there are wintering at Hamilton a large number of other tugs, work-boats, barges, etc., but space limitations prevent us from listing them all.

* * *

The following major commercial vessels are reported to be wintering at the various lake and river ports, which we list as closely as possible by area. As usual, we include ferries, tugs, large dredges, etc., only if they have been reported to us and identified as such. We normally do not include scows, derricks, fishboats, small workboats, etc. In the case of some ports, particularly those of the St. Lawrence River, ships come and go from lay-up during the winter; our listings are correct as of the date of observation, but may not be exact as of subsequent date.

Halifax: L'ORME NO. 1 (but went back into service on January 18th).

Les Mechins: E.P. LE QUEBECOIS (fishery training ship), L'HERITAGE I (ferry), LUCY MAUD MONTGOMERY (ferry).
