

A rare view of DALHOUSIE ROVER, taken by John Leonard on June 14, 1946, shows her towing the scrapyard-bound VEGA above Welland Canal Lock 6.

This James M. Kidd photo caught SALVAGE PRINCE (left) and S.A. QUEEN (right) lifting DALHOUSIE ROVER from the waters of the Welland Canal.

A very rare photo of TOWMASTER and her scrap tow companion A.M. MACAULAY taken at Thorold South comes to us courtesy of Alan Sykes
