We also have lists (mainly of fishtugs) for several U.S. ports in western Lake Superior but we are out of room. We'll try to run them next issue to complete the record. Was your local port not shown in our report? Guess what; it's because you didn't send us a list! But to the following, our thanks: Rene Beauchamp, Roger Chapman, Michael Coutts, Rob Farrow, Ron Konkol, George Lee, Mac Mackay, Alan Mann, Gerry Ouder Kirk and Franz VonRiedel. And our thanks again to those whose lists appeared in the first instalment of this report last issue.
