

S. S. HAMONIC

SATISFIED PASSENGERS

DINING ROOM, S. S. HAMONIC

*A fine, spacious saloon with lake view from all seatings*

THE MASQUERADE

*Young and old in ingeniously contrived impromptu costumes*

THE KIDDIES' CORNER

*Counting reighters. High, safe rails protect the little folks*

The above is taken from the 1919 brochure for the Northern Navigation Company. Note the four "satisfied" passengers standing by the pilothouse steps and labelled as "food consumers"! We also would like to have been food consumers in that beautiful dining room. And are those really costumes at lower left?
