We despaired of finding even one menu from CITY OF CLEVELAND III, but Greg Rudnick managed to find us two! Note that this one was from a Benton Harbor Chamber of Commerce cruise. The BHCC made four annual cruises on D&C ships. Dare we hope that this was from the trip of June 1950, which turned out to be the last cruise that CITY OF CLEVELAND III would ever make? We would like to think so. Sincere thanks to Greg for sharing this gem with our readers. Do any other members have any other rare items from the C III to share with us?
