## THE EDITOR'S LOGBOOK

Our October Meeting was held in the new Founders' Room at the Swansea Town Hall and those in attendance found the room eminently suitable. It is long and relatively narrow, with no outside light sources, and images can be projected directly on the end wall, thus allowing larger images and avoiding the use of a screen. There is no light interference with the enjoyment of the images. We thank those who brought slides to share with the other members.

Did you remember to renew your membership for the 2005-2006 season? If you receive this issue, then not to worry, as we received your payment. If you should happen to hear any of your friends mention that they have not received the November issue, then maybe you could remind them gently that a cheque sent to our Chief Purser will remedy the problem.

We still have a problem, however. New members seem hard to find. Young fans of lake shipping seem not to want to pay club memberships for "real" historical information, favouring instead to get it for free from questionable internet sources. If you know anyone who would benefit from a T.M.H.S. membership, please put them in touch with us so that they may join our group.
