

This is YUKONDOC, with more white on her bows, laid up at Toronto in the winter of 1928-1929. Photo by John H. Bascom. She would soon be sold.

Another J. H. Bascom photo caught GEORGIAN at Pier 5, Toronto, in December of 1931 in North West Transportation colours. Note the bigger stack.

A rare photo of BADGER STATE, showing her upbound above the Soo Locks, was taken by Edwin Wilson, of Milwaukee. Note her barge-canal profile.
