

To help celebrate the 2007 centenary of the former Canadian Pacific Railway lake passenger and package freight steamer KEEWATIN, we present herewith the beautiful cover that graced the 1923 C.P.R. Great Lakes Steamship Service brochure. It was 42 years ago this coming autumn that KEEWATIN last operated, as hard as that may be for us to come to grips with the passage of time. But we will always remember our happy days aboard KEEWATIN and ASSINIBOIA.
