

Town adds features to myMILTON app

The latest addition to the myMILTON mobile app may save users money and time. Milton is adding street parking exceptions and parking ticket payment features to the app.

If residents, their guests or contractors need to park on a Milton street in excess of five hours or overnight between 2-6 a.m., they can now register their parking exception through the mobile app, up to a maximum of 18 street

parking exceptions per plate per year.

Paying a parking ticket is now possible using the app, rather than visiting town hall. Recent upgrades to the town's parking systems software have also contributed to an improved online experience on the website.

Since the app was first released in July 2017, more than 6,000 unique users have downloaded the app, with total page views surpassing

180,800.

The app also features a click and fix photo tool to report and submit service requests, such as traffic light outages, graffiti incidents and bylaw issues. Additional features include access to the Milton Public Library catalogue, a transit trip planner and Halton Region's waste schedule. The myMILTON mobile app is available through the iTunes and Google Play stores.

Another High Five accreditation for Town of Milton

Town recognized for its children's programming

The Town of Milton has once again been recognized for its dedication to providing exceptional recreation and sport programming for children by becoming High Five accredited.

High Five accreditation is the benchmark for excellence in children's recreation and sport programming. It distinguishes those organizations that focus on healthy development of children, resulting in programs of the

highest recognized levels of quality and safety.

The town has taken several steps to align its sport and recreation programs with the principles of High Five. A number of these initiatives were recognized through the accreditation process, including:

The use of "parent cards" to help establish familiarity and foster positive relationships between staff members and parents of participants

Co-ordinated training sessions with summer camp and aquatic staff to provide a higher level of safety for children in the pool environment

The creation of Move More Sports, an affordable programming option

aimed at the development of fundamental movement skills

High Five is Canada's quality standard for children's recreation and sport, committed to assisting children along the path of healthy child development by ensuring that recreation and sport practitioners develop a high level of knowledge and expertise in child development; helping parents to make informed choices and providing practitioners with the tools for enhancing and maintaining a high level of program quality.
